

WEB LIST 39G DECEMBER 2009

There are no images on this list but we are happy to provide digital e-mail images for most items upon request. Usually we can do this within 24 hours of receiving the request. See the end of the list for terms of sale. And please note that we will be away from the office from December 29th through January 12th. We'll be available via email and cell phone (303-910-8245) most of the time but obviously can't do any shipping. This is our last list until mid-January.

ISRAEL. So many Israeli silver coins were melted in the great melt of 1980 and the recent spike in silver prices that many so called common coins are now getting difficult to find. We've dug in the back of the vault to find these. In some cases we only have one or two of the coins offered. We've also listed a few copper-nickel pieces that were in the same lot.
