

WEBLIST 40B - FEBRUARY 2010

Welcome to our 2nd list of 2010 and our fifth Web Only list. As usual there are no images but we can supply images of most coins priced at \$25 or more. Just ask and we'll send them to you as soon as we can. These lists are done quickly and we apologize for spelling, grammar or other mistakes. Ordering information can be found at the end of the list.

Most lists are organized as follows: Ancient Jewish, Ancient Greek, Ancient Roman, Other Ancients (which include Greek Imperial, Islamic, Byzantine, Axumite etc.) followed by World Coins, Tokens and Medals which are listed in alphabetical order. When we have World Paper or Odd and Curious Money we will make mention of those in our introductory paragraphs. Please order by 5 digit inventory number when that is listed, otherwise use the description.

This list contains over 200 items. The majority are new purchases made this year, while some are old stock with prices reduced from their last listed price. The highlights are some rare and/or attractive ancient Judaeian coins including 3 coins of Herod Antipas and two rare Jewish War coins, better world coins from our recent buying trip and a number of nice slabs or as the new politically correct method of saying slab, "professionally graded" coins. In addition there are a number of ancient and modern gold coins scattered through the list. This list should be up on our website on February 9th when we return from our California buying trip. When we return we will also begin compiling our 2010 Israel/Palestine/Judaic Stock list and then begin working on our Spring 2010 Auction.
