19. Slabbed (encapsulated) coins, notes, medals or tokens certified by PCGS, NGC, ICG or ANACS may not be returned.
- 20 The minimum acceptable bid on any lot is at **least 60%** of the estimate. In some cases it may be higher than that, but it will never be higher than estimate. We have made every effort to make our estimates conservative and realistic. In the case of lots with precious metals, bids must be the "melt" value of the item at the **very least**. As we write this, gold is about \$1300 per ounce and silver around \$22 per ounce. Both markets have been very volatile lately. If in doubt, please ask us.

Please see below for new bidding rules for the last day of the sale.

BIDDING IN OUR AUCTIONS

NEW BIDDING INSTRUCTIONS FOR LAST DAY OF SALE

CLOSING DATE: THURSDAY • NOVEMBER 14, 2013

Telephone Bids will be accepted until 9:00 Mountain Time

Fax & email Bids will be accepted until Midnight Mountain Time

Bids left on our Voice Mail System (Answering Machines) will be accepted until Midnight Mountain Time

We will stop taking bids after **9:00 PM** Mountain standard time on Thursday November 14, 2013 or as soon as our phones stops ringing for 10 minutes. However you may still leave bids on our phones via voice mail, via Fax or via email until midnight. This should make it easier for anybody who wants to bid on the last day, the last hour or even the last minute to do so. As always winning bids will be reduced to one advance over the 2nd high bid.

We suggest you bid above estimate if you want an item, as high bids will be reduced to one bidding increment over the 2nd high bid. Our bid sheets offer several bidding options that can save you money, optimize your bids and see that you get the lots that you really want. If you are unsure of your bidding strategy, please give us a call or contact us by email and we will be happy to discuss it with you.

There is a minimum bid of at least 60% of the estimate on each lot. However in some cases the reserve may be higher than 60% of the estimate although it will never be higher than the estimate. We will always try to make reserves and estimates reasonable and in line with today's market. Of course in many cases lots may be offered so infrequently that our estimates are just educated guesses.

We take seriously the commitment to reduce bids. We do not reveal the high bid on any lot, however we will tell you if you are the high bidder at the time of your request. **Usually more than half of all successful bids are reduced and over 75% of successful bidders have at least one of their winning bids reduced.** We believe that the best strategy to being a successful bidder is placing your bids early and not waiting until the last minute. We believe the best bidding strategy is to bid early knowing winning bids will be reduced to the next bidding increment over the 2nd high bid. It's a successful auction when everybody is satisfied with the results: the consignors, the bidders and the auctioneer. Many of our consignors have been consigning material to us for 20 or more years, others have been buying material from us for as long or longer and are just now disposing of their collection or of parts of their collection. And more than a handful of the successful bidders in our sales of the past few years have been bidding (and buying) in our sales since the 1970s. We must be doing something right.

There are no buyer's fees in our sales. You are charged only for the amount of your winning bid plus a postage and shipping charge. If you want the convenience of using your credit card or sending us a bank wire, we do charge a small fee to help cover our costs. There are only a few coin dealers who still do not charge a buyer's fee. Some companies charge a 15 to 20% buyer's fee, plus a consignor fee as well!

Our usual office hours are Monday through Friday from 9 AM until 6 PM Mountain time. As the closing date draws near we will expand our hours. Of course you can email 24 hours a day and we will return the email as soon as we can.

We will confirm all email bids within 24 hours of receiving your bid. If you do not receive a confirmation, please contact us. Email bids received between 9 PM and Midnight on November 14th will be confirmed sometime the next day. We do not confirm bids received via mail or fax unless specifically asked to do so. However if we have your email on file we will try to do so. When sending us a bid sheet via regular mail, fax or as an attachment, please write carefully on your bid sheet. And a short description is always helpful to avoid mistakes.

No information will be available about the results of the sale until bids have been checked and invoices have been written. This usually takes 3 to 4 days. We will not be answering the phones until that information is ready. We hope to have the phones open by Tuesday November 19th or if we don't hit any snags, perhaps sometime on Monday the 18th.

Please note that this entire catalog is also up on our website, or will be very shortly. Our website address is www.rosenblumcoins.com. There you will find, not only everything that is in this catalog, but color images of many more items than are in this printed version of the catalog.

As many of you are aware, we no longer issue printed Fixed Price Lists via mail (with the possible exception of an Israel/Palestine list later this year). However we have occasional offerings of coins, medals, tokens, paper money, numismatic books, odd & curious money and more. We hope to resume a weekly schedule in the very near future. These lists will be available either via an email and/or on our website. If we have your email address we will send you an email reminder when a new list is up or the list will be included with the email. Of course if you don't want to receive these reminders, just let us know and we will remove your email address from our notification list. If you don't have an email account or access to the internet at home, I suggest you jog yourself down to your nearest public library and use their computer.

HIGHLIGHTS OF 2013 FALL AUCTION 43B

Welcome to our last auction of 2013. With this auction we are now (hopefully) back on schedule and are planning to have two auctions per year, one in May and the 2nd in November. Family obligations and the realities of “upgrading” our computers, cameras, software and scanner the past few years messed up our schedule. We hope that those problems are in the past, but as they say, "the best laid plans of mice and men often go awry". They, in this case, was the great Scottish poet Robert Burns.

Because of the need to get back on schedule, some of the photographs that we had hoped to have in the print version of the catalog did not get included in the catalog. Those pictures will hopefully be on our website. If you need to see an image of an item or a better image of an item, please let us know as soon as you can as it might be very difficult for us to supply you with an image during the last few days of the auction.

As usual our sale begins with a very good listing of ancient Jewish and Holy Land coins with special emphasis on the tiny silver coins used in the Holy Land in the 5th through the 3rd centuries BC. Rare Philistia, Samaritan and Yehud coins abound although in some cases photographing them was a problem. We also have a very nice grouping of Herodian coins as well as a number of better Bar Kochba pieces and the enigmatic Minimas of Caesarea coins. That section concludes with a nice listing of Holy Land “City Coins”, some in much better condition than usually seen.

For coins in this section we have tried to use the catalog numbers associated with *Coins of the Holy Land: The Abraham and Marian Sofaer Collection at the American Numismatic Society and the Israel Museum*. This is the long-awaited book that the late Ya’akov Meshorer started in the last century and was delayed numerous times for various reasons including Abe Sofaer buying new coins or better specimens of coins he already had. Also the ill health and the (much too-soon) passing of Dr. Meshorer certainly delayed the publication process. But the book was published this spring and it was worth the wait. The book is especially important for the quality of city-coins photographed. While Rosenberger, Kadman, Spijkerman and others laid the groundwork for this field, the examples cited in their works left much to the imagination. Not so with this publication. We finally have, in this two-volume work, one place to see what that coin should really look like. We suggest you contact the ANS directly to acquire the book as we are trying to get out of the book business. Of course we haven’t forgotten other references and in almost all cases one of the standard catalog numbers are also used to describe the coins.

Our Greek section, while small, has a number of interesting items including a couple of "tooth" coins from Akragas, attractive tetradrachms of Alexander the Great and Athens and some very nice coins from the Seleucid Kings and Phoenicia. Two very nice Tyre tetradrachms issued under Trajan are listed as well as the conclusion of a collection of mid-3rd century AD Roman Antoniniani from the Antioch mint. The ancient section concludes with two rare Arab-Byzantine coins, one from Tabariya (Tiberias) and the other from Baysan (Nysa-Scythopolis).

For the first time in a few years we have a section devoted solely to gold coins. The gold section consists of 4 medieval coins from India and a long run of Israeli coins containing most of the gold issues from 1960 until 2000! Our world coin section is highlighted by a number of items from **Southeast Asia** including some very scarce French Indo-China coins, a French Indo-China **Die Collar**, a rare token from Netherlands East Indies with text in both French and Chinese and a few rare 19th century Thai tokens. Our listing of the coins of **Palestine** is one of our most comprehensive in a number of years. I believe all 59 coins are listed, either individually or in groups. Also we have more than one of many of the key dates sometimes certified and sometimes "raw".

Also of particular interest is a rare **Jehovah Taler** from Sweden and a group of items pertaining to the renowned medallic sculptor **Victor David Brenner**. Brenner, of course, was the designer of perhaps the most famous and well-known portrait of Abraham Lincoln that we Americans see most everyday on our "penny". Or as numismatists are quick to point out, our cent. We listed the item in the coin section although the one "medallic" item is a medal made 100 years after his birth. The lot also contains a "Catalogue" of some of his medals and plaques from a 1907 NYC exhibit and "more importantly to us" a 1907 signed and handwritten letter concerning a numismatic topic.

Throughout the section are many other scarce and interesting coins, tokens and medals including numerous jetons with nautical themes. Another very rare item is a silver bracteate of **Lezak the White** (1202-1227) of Poland with the legend in **Hebrew**. Until a few years ago this coin was virtually unknown and it was unlisted in any of the usual "Hebrew Coins" of Poland including Gumowski and Friedenberg. A few other unusual items that might whet your appetite include a "Magic Square Amulet Coin of Mercury" on a Russia Rouble, some rare tokens from Australia and New Zealand, a previously unknown (at least to us) lead **Crusader token of Jerusalem**, a popular, scarce and high-grade condor token of Daniel Mendoza, a very rare 30 Lepta Ionian Islands coin and a medallic item pertaining to Vigo Bay and listed by Betts in his book, *American Colonial History Illustrated by Contemporary Medals*.

No doubt the foremost highlight of this sale, and certainly of our paper money section, is Lot #454, a **Ming Note** from China. While certainly not the world's rarest or most expensive note, it is most likely the most famous piece of "paper money" in the world. When the Ming Dynasty seized power in China from the Mongols in 1368 they tried to reintroduce bronze coins to the populace. However, there was not enough metal available for this, and paper money, made of mulberry bark, was produced from 1375. Paper money continued to be issued for another 20 to 25 years, but inflation quickly eroded its value. The experiment did not last long and before the end of the century the Mings ceased issuing the notes. The effect of inflation was so devastating that paper money was regarded with suspicion for many years and it was not until the 1850s that a Chinese emperor dared to issue paper money again. But these are considered the world's first paper money issued almost 300 years before paper money was introduced into Europe. And they are huge, our example is more than 8 1/2 x 13 inches and is **certified by Paper Money Guaranty Corporation**. The "slab" that the note is housed in is more than just a certification of authenticity but serves to protect the note. When we first saw the note in the summer of 2012, we had no doubt about it being genuine and an examination by one of the world's leading authorities on counterfeit detection of

banknotes confirmed our belief. We added the **PMG** certification as an added protection for the note and for the next owner of this historic piece. Even if you don't collect paper money, you might want to consider this most famous and important banknote. Like an Athenian owl, a denarius of Julius Caesar or a St. Gaudens double eagle, the Ming Note is a true milestone in the paper money field.

Other paper money highlights include numerous "non-paper" silk, cloth and linen items from Bielefeld and of course numerous concentration camp, Ghetto, Displaced Persons and Prisoner of War notes from World War II. Notes are being sold from Asperg, Buchenwald Dachau (4 notes!), Nordhausen, Sachsenhausen, Amersfoort, Westerbork, the Lodz (Litzmannstadt) Ghetto and the Warsaw Ghetto among other places. Other items that merit mention include Konversionkasse notes, stock certificates from Blechhammer which is more infamously known as Auschwitz, a Bond of Islamic Unity Fundraising note, quite a number of Anglo-Palestine Bank notes, a very rare Bishlik "Trail" cardboard note issued by the Jewish community in Palestine in the last years of the Ottoman Empire and one of the most sought after US Colonial paper items, a Massachusetts Treasury Certificate with the vignette of a Continental soldier with a raised sword surrounded by a rattlesnake. Near the end of that section is an awarded "Service Star Wallet" for a World War II Syracuse, NY soldier.

Our Judaic and Holy Land section always contains scarce, unusual and seldom offered items and this auction is no exception. Numerous Biblically related European jetons begin the section including a silver Noah's Ark jeton. Lot # 574 is a rare "False Shekel" in silver from "Year Two". Another rare item is a Frankfurt synagogue medal from 1882 which I can't recall ever having. Other 19th and early 20th century items include medals or tokens of Aaron, the Birmingham Hebrew Social Club, Rison Le-Zion Colony, Rabbi Isaac Elechonon Spektor, the Great Synagogue in Cape Town and a number of medals pertaining to the "Dreyfus Affair". Also in the medallion section are a number of scarcer US Jewish merchant tokens, a silver medal of the 1st Maccabi games, a rare 1934 Tel Aviv Levant Fair medal, a silver Hadassah badge, two Leopold Loew medals from Hungary and a couple of very large Albert Einstein medals. A couple of other items in that section deserve mention. Lot 611 is what we believe is a 1953 Trial or Pattern telephone token in copper-nickel plated copper and is perhaps unique. The other is an Israel Defense Forces medal in silver presented to Robert Margrave, a munitions expert. We've never seen this medal engraved before or ever in silver.

Our official state medal section offers numerous rarities, engraved items and non-standard medal issues. Among the items offered are: a silvered Tel Aviv trade fair medal, an awarded B'nai B'rith commissioned medal, **two medals inscribed and presented to Baroness Betsabee de Rothschild**, a Shavit Til (1st Rocket ship) medal in silver, an unknown (at least to us) commissioned Terra Sancta medal in silver, a rare awarded Economic Conference medal, 4 different Jerusalem Restoration medals (Mayor's Medal), 3 different Raphael medals, a very rare inscribed Shin Bet medal, the Persian coronation medal, a rare Sinai Campaign medal and two rare official state Mossad medals which we have never seen or heard of.

The paper section contains numerous topical postcards, some scarce ones being offered individually while others being offered in group lots. I would suggest a careful reading of the group lots of postcards and miscellaneous paper because no doubt there are a few gems in these lots. Most of the postcards are housed in high-quality archival protective holders.

As usual we end the sale with items from the Holocaust. We begin with more than 20 medallion lots including a number of rare commemorative medals, many of which are listed in Severin Szperling's *A Catalog of Holocaust Medals*, while others are unlisted by him but perhaps will be in a 2nd edition or an addendum. The remaining lots contain mostly paper items associated with the Holocaust including

postcards, notgeld, documents, letters, propaganda, a taxation chit, “ransom money”, payment vouchers, receipts, work books, ID cards, community tokens, a “miracle child” passport and the infamous yellow star.

The jury is out on what these coins were, when they were struck and why. Meshorer in his *Treasury of Jewish Coins* (p. 183-184) suggests that these "imitations" of Jewish coins were struck in Caesarea by the initiative of their mint. He persuasively argues that if these were struck during the Jewish War against the Romans that some of these coins would certainly have shown up in hoards found at or near Masada. But they are found in Caesarea instead. And most of the types, **but not all**, have a Roman side and a Jewish side. If they were coins struck by the Jews during the Jewish War they would have had two "Jewish" sides. Of course it is possible that these might be two entirely different issues. \$400+

*442 **UNITED STATES, Victor David Brenner** Lot. 1) **Victor David Brenner signed letter.** December, 22, 1907. 1 Page c. 8" tall. Hand-written autographed letter sent to "Frederick J. Wait, Esq. My dear Sir. Many thanks for your kind note. I have promised Mr. Brick some replicas of those that are in the Museum, so as to show the reverses of them and I may give them to charity at the same time. With sincere compliments of the season, very truly yours. VicD. Brenner". On a letterhead from 624 Madison Ave at 59th Street, New York. Brenner, of course, was the designer of the Lincoln cent and his portraits of Lincoln are among the more sought after items in US numismatics. Our consignor purchased this from Robert Batchelder of Ambler, PA, for more than \$350 in the 1980s. Batchelder was among the leading autograph and paper ephemera dealers in the country during the 1960s to the early 1990s. 2) *Catalogue of Medals and Plaques by Victor D, Brenner, Exhibited at The Grolier Club, March 7 to March 23, 1907.* c. 7 x 4 1/2" 33 page book, with cardcover. Forward by F. D. Millet and a 6-page article by Brenner himself on the art of the medal followed by a listing of the 54 medals and plaques at the exhibit. Contents are nice, cover exhibits some tears, wear and aging. Certainly uncommon. This is Lot #627 from George Kolbe's December, 1979 auction which I believe was held in conjunction with the New York International Numismatic Convention; and 3) **Victor David Brenner/Abraham Lincoln.** 1971 AE 64 x 48mm medal commemorating the centennial of the famous sculptor's birth. Bust of Lincoln right from his plaque of 1907/Bust of Brenner left, legend below. Unsigned. Smedley-24. As struck. An interesting lot for the Brenner collector. The autographed letter is rare and is especially important because of the subject matter. The catalogue is seldom seen and has a nice little numismatic literature pedigree. The medal honors both Brenner and his most famous subject. And you can add that cent in your pocket to this group. \$400+?

*473 **GERMANY, Bielefeld.** Group of cloth notes. 10 Pfennig Green 1 April 1919, Series D; 10 Gold Pfennig Red 6 Nov. 1923; 25 Pfg. 1 April, 1919 Orange Series C; 25 Pfg. 1 April 1919, Red & black, Series B; and 1.05 Goldmark 8 November 1923 this depicting the hyper inflation in Germany after WWI. 5 cloth or linen notes. \$75+?

*474 **GERMANY, Bielefeld.** An uncut sheet of the face and back of silk 25 Mark, 2 April 1922. In green, orange and purple. The scene seems to be "crippled" people with crutches going into hot springs pool and coming out not needing crutches. This seems to one of the scarcer Bielefeld issues. Fringe at sides. \$40+?

475 **GERMANY, Konversionkasse.** P-199 5 Mark 1933 Series C; P-200 10 Mark 1933 Series C; P-207 5 Mark 1934/1933 Series C; and P-208 10 Mark 1934/1933 Series C. 4 notes, the 5 Mark 1934/1933 is nice Uncirculated, without pinholes, the other 3 are nice EF or better with the usual pinholes. \$150+?

476 **GERMANY, Konversionkasse.** 5 Marks. 28 August 1933, with overprint 1934 at left. P-207. EF, with usual pinholes at left. \$60+?

477 **GERMANY, Konversionkasse.** P-200, SB-202. 10 Reichsmark. 1933 Series A. AU, but without pinholes This is the scarcer 1933 issue without the overprint. \$60+?

*478 **GERMANY, Konversionkasse.** P-209, Kroll-213. 30 Reichsmark, 1934/1933. Series A. Choice AU, with usual pinholes. Very rare denomination that is seldom offered especially this nice. A similar note in our last auction sold for \$325! \$250+

*479 **GERMANY, Konversionkasse.** 50 Reichsmark 28 August 1933, overprint 1934 at left. P-211. Series E. Nice EF, usual pinholes. Scarce series for this denomination, especially so this nice. \$100+?

*480 **GERMANY, Konversionkasse.** 100 Reichsmark 28 August 1933, overprint 1934 at left. P-212. Series A. aEF, pinholes. Scarce, the last we offered, in 2009, sold for \$120. \$100+?

*481 **GERMANY, \$1000 3% Konversionkasse 10 Year Bond.** Kroll-295. 1 June 1937. New Series M. 1st we've offered in a number of years. This is listed in Schwan-Boling as #243 (page 485) but at the time of publication it was unconfirmed. Nice, minor edge tear with some very slight handling. \$100+?

*482 **GERMANY, Oflag XIII-B WWII POW Camp.** Camp-3754g. 1 Reichsmark, prefix, with red Overstamp "Oflag XIII B". Red triangle in middle. Oflag XIII-B was a German Army World War II Prisoner-of-war camp camp for officers, originally in Langwasser near Nuremberg. In 1943 it was moved to 3 km south of Hammelburg, Lower Franconia, Bavaria, Germany. Nice Unc ., but for small stain on back and scarce. I believe we've only offered this once before. In our sale 42F a similar note (but described as a 2 RM) sold for \$175 on \$100 estimate. \$100+

*483 **GERMANY, Oflag II-C. WWII POW camp.** C-3766b.2. 50 Fenigow Series AIII. POW camp near Woldenberg, Germany. SB page 483. Nice EF and scarce. 3 out of the last 4 we had sold for \$140! *POW camp near Woldenberg, Germany.* \$140?

*484 **GERMANY, Oflag II-C. WWII POW camp.** Similar to above but an unlisted variety. C-3766v 50 Fenigow Series AI. SB page 483. Campbell lists two sizes of notes from this camp, the first type of notes are .c. 5 x 50mm and the 2nd type c. 55 x 35mm. This is definitely the smaller size but this series is unlisted as such. \$175+

*485 **GERMANY, Oflag II-C. WWII POW camp.** C-3768a. 2 Mark Series B. SB page 483. AU, with a handstamped monogram (KS?) on back. Seldom seen. We offered a similar note but Series A in 2004. \$150+

*486 **GERMANY, Oflag II-C. WWII POW camp.** C-3769a 5 Mark. a with a **KS** in circle handstamp and another script mark on back. Campbell lists the color as gray, but it is not gray. I was going to call it blue. However I've been told I'm color blind, so I asked my wife who said it is black. Virtually EF and scarce. It's been 10 years since we've offered this note and that one was black also. \$350+?

*487 **GERMANY, Oflag II-D. WWII POW camp** near Grossborn. C-3791, SB page 483. 10 Groszy. Series A. Nice EF+, tiny reverse stain. Since 1995 we've offered an example of this note only 5 times. The previous 4 have sold for between \$120 and \$135. \$125

*488 **GERMANY, Oflag VII-A. WWII POW camp.** C-3812, SB page 483. This camp was located near Murnau in southern Germany. 10 Fenig 1944. Red on off-white. AU. Uncommon. \$90?

*489 **GERMANY, Asperg.** C-3903, SB-303b, Feller GE-1706c. 1 Mark. This holding camp for suspected Nazis at the end of WWII was also known as Hohenasperg and Interniertenlager 76. 10 March 1947 over stamped over 10.2.1947. The notes are very crude. They were typewritten and than over stamped. VF, small stain at left. *This is ex-lot #989 from our sale 33E where it brought \$75. We had three notes in that sale (all sold at the same price) and those are the only ones I can ever recall offering. The other two are listed below. The buyer of those has consigned all three to this sale.* \$75+

*490 **GERMANY, Asperg.** C-3903, SB-303b, Feller GE-1706c. 1 Mark. *As above, this is lot 990 from same sale.* VF. \$75+

*491 **GERMANY, Asperg.** C-3903, SB-303b, Feller GE-1706c. 1 Mark. *As above, this is lot 991 from same sale.* VF. \$75+

*492 **GERMANY, Buchenwald Concentration Camp.** 2 Reichsmark. Type without **Aussenkommando** and with slanted M. Feller GE-142b, Camp-3953b. PS-71, Grabowski BU-15. Nice EF-AU or better. No wear, but somewhat mishandled. \$100+

*493 **GERMANY, Buchenwald Concentration camp.** 3 Reichsmark with slanted M. Camp-3954b, Feller GE-143, PS-72, Grabowski Bu-16. The 3 Reichsmark is the scarcest of all Buchenwald denominations. EF-AU or better. No wear, but somewhat mishandled. Low serial number 6005. \$200+

*494 **GERMANY, Dachau Concentration Camp.** .50 Reichsmark in orange or tangerine with printer's mark III/100 V.44 1285. Feller GE-180 (similar but this color and printer's number unlisted), Camp-3961 similar, Grabowski- Da-3c. The pencil notation on the back gives the details of the prisoner, "Piotr Obriwin #83928 born on 10 January 1918". VF, a few minor stains and hole punched at the denomination. Most Dachau notes give the prisoner number on the face of the note and sometimes the back as well; this gives his name and number on the back. Very rare. \$750+

*495 **GERMANY, Dachau Concentration Camp.** .50 Reichsmark in orange or tangerine with printer's mark III/100 V. 44 1285. Similar to above. Issued to prisoner number 74249, with small hole punched under the prisoner number and date of **30. Sep. 1944** handstamped below that. Nice aEF. Rare. \$1000+?

*496 **GERMANY, Dachau Concentration Camp.** 1 Reichsmark pale Green with hole punched at left and printer's mark II/100-XL.43-1285. Feller GE-181a, Camp-3962 similar, but unlisted printer's mark with this denomination, Grab. Da 4b. Issued to Prisoner #49520. VF+, minor stains. Prisoner number on face only. Another extremely rare note. \$1250+

*497 **GERMANY, Dachau Concentration Camp.** 1 Reichsmark green. As above but issued to Prisoner #50533. Name written on back which is possibly Szusbak. Would be VF, but for unfortunate missing portion extending to the left and above the "hole punch". Still rare and desirable. \$500+?

*498 **GERMANY, Nordhausen (Mittelbau). Concentration Camp.** ND. .10 Reichsmark Green on watermarked paper. Series G. Feller GE-252, Camp-4023, PS-137, Grab. Mi-3.

aVF. A very scarce this note in any grade and in any series, we have not offered a Series G note since the fall of 2000! \$425+

*499 **GERMANY, Mittelbau (Nordhausen) Concentration Camp.** 1 Reichsmark, green, Series O, on watermarked paper, without printer's mark but with star before serial number on back. Feller GE-255c (actually similar because that note does not have a visible serial number), Camp-4026b,1, PS-140, Grab-Mi-6c. VG. I can only recall selling two Series O notes in the past 18+ years. In February of this year we sold a nice VF (a few stains) for \$1075. That was the first we had offered in more than 15 years! \$300+?

*500 **GERMANY, Sachsenhausen Concentration Camp.** .50 Reichsmark. tan paper with type 1 star and printer's mark *K.L. Sh. 6.43. 999 000 Druck: Möller, Oranienburg.* (printer's name in italics). Feller GE-290a, Camp-4061a(1), Grab. Sa-1b. Printed on thin paper with tab attached at top. VF+, 2 staples holes in tab. \$500+?

*501 **GERMANY, Blechhammer (Auschwitz).** 1942. 1000 RM stock certificate for the Upper Silesia Hydrogenation Works, a chemical-products plant. Issued with 20 coupons, this is accompanied with a sheet of 15 coupons. This plant used Jewish slave laborers from the nearby Blechhammer Concentration Camp which was established in 1942. Two years later, Blechhammer was renamed **Auschwitz** when it became part of concentration camp there. Signed by a German bank official on back. EF, one horizontal fold at center. \$100?

*502 **GERMANY, Blechhammer (Auschwitz).** 1942. 1000 RM stock certificate. Issued with 20 coupons, this is accompanied with a sheet of 14 coupons. This also contains a Lieferbarkeit Bescheinigung which seems to be the receipt for the purchase of the bond. VF-EF, a few light folds and some signs of aging. \$100?

*503 **GERMANY, Blechhammer (Auschwitz).** 1943. 1000 RM stock certificate. As above but with a different date and 16 coupons attached. A bit nicer as there are no folds but minor creasing and bends at some of the corners. \$100+?

*504 **GERMANY, Blechhammer (Auschwitz).** 1943. 500 RM stock certificate. Issued with 20 coupons, this is accompanied with a sheet of 16 coupons. Nice AU. \$100?

*505 **GERMANY, Kreuzburg Civilian Internment Camp.** 1944. Receipt for 220 Reichsmarks to the account of A. Zeman, Internee #16594 W. Interestingly the receipt is dated November of 1944, but it's for monies received from April to July of that year. Kreuzburg was originally an internment camp in Silesia for British civilians working in Germany at the outbreak of WWII. Later American and New Zealand citizens were interned there. Histories of the camp that I have read have said that in many cases "it was a short journey to a concentration camp". I believe the short journey was both figuratively and literally. I don't believe we've ever had a document from here. Fine, somewhat soiled, with edge tears and light tears at folds. Rare? \$50+

*506 **GERMANY, Workers Ration Card.** 1942. For Slave laborers for the week of November 9-15, 1942 in orange with black print. Given to special technicians that due to their skills were taken out of camps and stayed in barracks which were located near the Aeg Kabel, Werk, Oberspree (the AEG Cable plant in Berlin) as noted on the back of each coupon. The technicians stayed in barracks located within the plant's area. There are 26 coupons, 7 each for breakfast, lunch and dinner, plus 5 coupons for soup, Monday through Friday. All coupons handstamped with date on front. Unused. VF-EF. Rare. This is most likely Lot 789 from our sale 39d (\$130) which was Lot 785, Sale 35D (\$120) and the only one I can recall seeing. Our archives show a yellow card but that just may be because of our software. Although the consignor of this is NOT the person who bought the lot, the few stains are in the exact place as on this document. Interestingly, the founder of AEG was Emil Rathenau, a Jewish businessman who is immortalized on a medal which we've offered occasionally. His son, Walter, a politician, as well as a businessman, was murdered by Nazi hooligans in 1922. Eventually the business was Aryanized by the Nazis and used by them during the war. \$100+

*507 **GERMANY-OCCUPIED POLAND, World War II.** Large (c. 8 1/2 x 11 1/2") green ration card for Germans in the General Government areas. This ration card was used by members

of the German Armed Forces when on holiday or business trips to German-occupied areas of Poland and enabled them and their guests to have meals at restaurants, cafeterias, casinos and other places that served only Germans. Unused and unissued. Scarce. \$100+?

*508 **GERMANY/RUSSIA. WWII.** A group of 21 different leaflets printed by the Russians urging German soldiers to surrender. Back in 1999 we sold a group of 12 similar (?) leaflets for \$150. When used by a German soldier it would be a safe-conduct Pass giving him protection. Or so they said. Various conditions, some with tears but a decent lot of WWII propaganda. *See Lot #553 for a similar group aimed at Russian soldiers.* \$200+?

*509 **HUNGARY, Jewish Community of Budapest** 1948. Feller HG-520v. 5 Forint over-stamped on 5 Pengo Tax Receipt issued by the **Pesti Izraelita Hitkozseg**. With 2 imprinted signatures of the community's directors and another signature of the tax collector at bottom. VF+ and filled out. These were technically tax receipts but it is very likely that they were also used as currency. What's most unusual about this lot (and the following) is that the denominations were changed to indicate the post-war Forints rather than the Pengos used during the war (and before). Interestingly the printed legend on the left reads *Any changes makes this receipt invalid*, although it certainly seems to be an official change. VF and no doubt rare. \$100+

* 510 **HUNGARY, Jewish Community of Budapest** 1949. Feller HG-521ff. 15 Forint over-stamped on 15 Pengo. As above but Steve and Ray Feller do not list this denomination. In addition the new date is 1949 and the tax collector is different. In the mid 1990s I believe we had a few similar notes. Unfortunately I cannot find any images of these. Equally as rare. \$100+

*511 **INDIA, The Bond of Islamic Unity Unlimited.** 10, 000 Rupees. Uniface fundraising note?, **GREETINGS**, above 5-line Indian text, serial number above. In black, green and red on beige page. With printed signature of "Jdd Mubarak" at lower left. Nice VF. We've never seen this. Rare? Not exactly sure what this is but my guess is that its a fundraising note issued in what is now Pakistand but was then (pre-1947) British India. \$200+?

512 **ISRAEL. Dan Bus Company, Tel-Aviv.** (c. 1953) A group of three 5 Prutot small change paper chits. The consignor labeled them consecutive numbers, however they are Series F17, #'s 3041, 3043 and 3045 so not consecutively numbered. Wide shield, red star. Haffner H-5 (p. 340), Bar Zeev DA-1A. 3 Uncirculated paper tokens. \$25?

*513 **ISRAEL.** P-13a, FC-5b. Fractional Currency (1953). 250 Pruta, Aleph Series with Menorah (visible under ultraviolet light) right. Unc. Printed off-center with virtually no margin at left. \$100?

514 **ISRAEL.** P-13b, FC-5a. Fractional Currency 250 Pruta (1953). Aleph Series, without Menorah. Choice Unc. \$65+?

*515 **ISRAEL.** P-14a, BN-1. 500 Mils, Anglo-Palestine Bank (1948). Series B. Nice F+. \$75

516 **ISRAEL.** P-16a, BN-3. 5 Palestine Pounds, Anglo-Palestine Bank (1948). Without series letter, thus uncommon. Nice VF \$85+?

*517 **ISRAEL.** P-16a, BN-3. 5 Palestine Pounds, Anglo-Palestine Bank (1948). Series A. VF. \$75+?

*518 **ISRAEL.** P-16a, BN-3. 5 Palestine Pounds, Anglo-Palestine Bank (1948). Series A. aEF, much original crispness remaining. \$175+?

519 **ISRAEL.** P-16a, BN-3. 5 Palestine Pounds, Anglo-Palestine Bank (1948). Series B. VF. \$75+?

*520 **ISRAEL.** P-17a, BN-4. 10 Palestine Pounds. Without series letter. F-VF. A decent note without any problems. \$150?

*521 **ISRAEL.** P-17a, BN-4. 10 Palestine Pounds. Series A. VF, but very light marks on note. \$150?

- *522 **ISRAEL**. P-17a, BN-4. 10 Palestine Pounds. Series B. aVF. \$150?
- *523 **ISRAEL**, Bank Leumi. 5 Pounds ND (1952). P-21a, BN-8. Series S. VF+. \$75+
- *524 **ISRAEL**. P-45, BN-32. Error note. 10 Sheqalim, Theodore Herzl note of 1978. One of the numbers in the lower right serial number has shifted upwards. Unc. It is our belief that perhaps one sheet of these notes exist. \$125+?
- 525 **ISRAEL**. P-46a, BN-33c. 50 Sheqalim, 1978. A lot of 99 uncirculated notes depicting David Ben-Gurion on face. Pick values these at \$2 each. Sold as is, no returns. \$90+
- *526 **KOREA**. P-39a. 5 Yen. ND (1945) Man with beard at right. Issued note. Nice AU. This note appears as a specimen on a more regular basis than as an issued note such as this. \$75+
- *527 **NETHERLANDS, Amersfoort Concentration Camp**. 25 Cent, 1 January 1944. Yellow, without watermark, with period under the "o" preceding the serial number and without star after serial number. C-4142, Feller NE-441a (variety?), Grabowski Af-2 (but unlisted variety without the star after serial number). Choice AU (just slight evidence of paper bend). Bright, full color. Scarce variety which is not shown on worldandmilitarynotes.com. \$450+
- *528 **NETHERLANDS, Amersfoort**. 25 Cent, 1 January 1944. Yellow, without watermark, with period under the "o" preceding the serial number and without star after serial number. C-4147b, Feller NE-441a, Grabowski Af-2a. Nice Unc., but stained, especially on back. \$250+?
- *529 **NETHERLANDS, Amersfoort**. 1 Gulden, 1 January 1944. Green, without watermark, with the period after the "o" and star after the serial number C-4148b, Feller NE-442a, Grabowski Af-3a. VF. \$200+
- *530 **NETHERLANDS, Amersfoort**. 1 Gulden, 1 January 1944. Green, without watermark, with the period after the "o" and star after the serial number C-4148b, Feller NE-442a, Grabowski Af-3a. VF+. Nicer than above. \$300+
- *531 **NETHERLANDS, Westerbork Concentration Camp**. 10 Cents, Series AA without watermark. Camp-4171b, Feller, NE-470a, PS-168, Grab. We-1. Unc, very scarce as such. \$70+?
- 532 **NETHERLANDS, Westerbork**. 10 Cents, Series BB. 2 pieces, one with watermark, the other without watermark. Campbell 4171a & 4171b, Feller NE-471a & 471b. 2 notes, the "with watermark" note is Fine, the other note is EF, but a bit stained on face. \$50+
- *533 **NETHERLANDS, Westerbork**. 10 Cents, Series BB without watermark. Camp-4171b, Feller, NE-470a, PS-168, Grab. We-1. Unc, very scarce as such. \$70+?
- *534 **NETHERLANDS, Westerbork**. 10 Cents, Series BB without watermark. Camp-4171b, Feller, NE-470a, PS-168, Grab. We-1. Gem Unc, and even nicer than the above note, although the color is not as vivid as the above lot. \$85+
- 535 **NETHERLANDS, Westerbork**. 10 Cents, Series CC without watermark. Camp-4171b, Feller, NE-470a, PS-168, Grab. We-1. Nice EF-AU, evidence of a couple light bends and very light minor stains. \$50+
- *536 **NETHERLANDS, Westerbork**. 25 Cent, Series AA without watermark. Feller NE-471a, C-4172b (2), PS-169, Grab We-2. Choice AU. Really no wear just very slight hints of handling. It's been quite awhile since we've offered this note in this nice of a grade. \$50+
- *537 **NETHERLANDS, Westerbork**. C-4172 (b) 1, SB-1152A, F/F NE-471, PS-169. 25¢ Series BB, without watermark. Filled period in "o" in No. Gem Unc., thus scarce. \$75+
- *538 **NETHERLANDS, Westerbork**. C-4173a, SB-1153b, PS-170. 50 Cents, Series AA. Virtually a full watermark. VF. The 50 cents is the scarcest of the four denominations and to find it with a such a full watermark is truly difficult. *In 2003 we sold a similar note, with perhaps a slightly fuller watermark, for \$150.* \$85+?

Please ensure that your bids arrive before the close of the sale.

*539 **NETHERLANDS, Westerbork**. C-4173b, Feller NE-472a, PS-170. 50 Cents, Series AA. Unc. The 50 cents is the scarcest of the four denominations and to find it so nice is truly amazing! I can find only one instance of having a 50¢ Westerbork note in Unc since 1995 and that was series BB. \$150+?

540 **NETHERLANDS, Westerbork**. Camp-4174a, Feller-NE-473b. Pair of 100¢ notes with watermarks. Series AA & Series BB. The first Fine, the 2nd VF. \$85+?

*541 **NETHERLANDS. WWII under Nazi occupation**. A blank application for Dutch citizens to join the SS and help fight Anglo-American terror? c. 3 3/4 x 5 1/2" printed on both sides. The Netherlands was occupied by the Nazis for up to 5 years and the Dutch had one of the highest levels of collaboration with the Nazis of any occupied country. VF. \$50?

*542 **PALESTINE**. 1915. Tel Aviv Council.1 Bishlik "Trial" Cardboard Token, Gimel Series. See Haffner CC-12c, Dabbah pages 36 & 37. Unc, without serial number and with one hand-written signature of Abraham Etkind. Officially issued notes contained two signatures and handstamped serial numbers. Included with this note is a signed and notarized statement by Etkind in 1977 swearing that he signed these tokens in 1915. Also in this lot is a 1939 British Passport issued to Etkind and assorted copies of articles about Etkind. The Bishlik note is Ex Franz Frankl collection, the passport is from NASCAs May 1979 Stanley Yulish collection (Lot 3928) where it sold for \$45. In our sale 26G (Nov. 1996) we sold a similar Bishlik piece for \$375. Over the years we've had a handful of these paper tokens but this is only the 2nd "trial" that we can recall offering. They were quickly withdrawn from circulation by the order of the Ottoman government. Etkind later became an accountant with Bank Zerubabel but his signature never appeared on any of their bonds or shares. Our consignor paid \$350 for this in 1980! \$350+?

*543 **PHILIPPINES**. P-89c. 1 Peso 1941 (1944). Serial# E6400312E. F-VF. This is a **Naval Aviators Note** which were notes that were in packets that US Naval Aviators carried with them in the event that their planes were shot down. While Pick doesn't value these notes very high, it seems that the market does, as the prices I have seen are in the \$175 to \$200 range. \$150+?

*544 **POLAND, Danzig War Bonds**. 1941. Set of 5 bonds 100, 200, 500, 1000 and 5000 Reichsmark with vignette of a crane used in a medieval port, called a Żuraw, over the Motława river. Printed by Giesecke & Devrient of Leipzig and Berlin. 5 bonds, unused but a few have corner bends, folds or curls. We've seen the 3 smaller denominations for sale occasionally but never the high denominations. I don't believe these are listed in either Schwan-Boling or Harold Kroll's Financial Instruments of Nazi Germany. Rare? \$200+?

*545 **POLAND, Litzmannstadt, (Lodz Ghetto)**. 10 Pfennig post office chit printed on back of postcard. 17 April 1942. As Feller PO-581a3, Cap-4211c.1, Grab. Li-10c, but on perforated card stock. The 10 is larger than the other print in the 1st line. We've had similar notes before but can't recall if we've had this one on perforated card stock, although we have offered perforated chits of other types. VF, slightly soiled and extremely rare. \$400+

*546 **POLAND, Litzmannstadt, (Lodz Ghetto)**. C-4203, PS-11, Feller PO-562. 2 Mark. G-VG, limp, with rough edges and splits along folds. This is the typical condition for this note which is very rare in Fine or better. \$40+?

*547 **POLAND, Litzmannstadt, (Lodz Ghetto)**. 20 Mark, 15 May 1940. One line under o in No. Camp-4206a (1), Feller-565a. A group of 8 Unc notes. \$300+?

*548 **POLAND, Litzmannstadt, (Lodz Ghetto)**. PS-15, C-4207, SB-1007, F/F PO-566b. 50 Mark with red serial numbers. Rare denomination. VF, but written in pen at left *This mark Bill is used by Jews in Poland* plus a small tear repaired at right and a small flaw. As we've mentioned before, we have a difficult time differentiating between red & orange but we believe that the serial number on this note is more red than orange. *In either case this is the scarcest of all regular issue Lodz notes. A F-VF, without the problems mentioned sold for \$525 in our last sale.* \$400+?

There are no Buyer's Fees in our Auctions!

549 **POLAND, Litzmannstadt, (Lodz Ghetto)**. A group of 4 low grade notes. 1 Mark F-VF, 5 Mark VG, 10 Mark G-VG, and 20 Mark VF but stained. 4 notes, the middle two scarce but with tears and faults. \$60+?

*550 **POLAND, Litzmannstadt, (Lodz Ghetto)**. Lottery Ticket 1944. Issued by the *Illness Emergency Committee* for 2.50 marks. Has circular violet handstamp on the back for *Arbeits-Ressort* and gives the same address as on front: Betrieb 68-75, Sulzfelder-Tr.15 as well as a serial number on the counterfoil. With the message, *If you help the lot of the sick, it will help you a thousand times over*. Feller PO-622, unlisted by Campbell and Grabowski. aEF with the exception of the left edge of the counterfoil where the ticket was ripped from a booklet. This ticket is #7989. We have had a number of these tickets over the years and all have had serial numbers from 7950 to 7990 or so. It seems likely that perhaps only one book survived. \$100+

*551 **POLAND, Warsaw Ghetto**. ND. 5, 10, 15, 20, 25 and 50 Groszy. Campbell 4246-4251, Feller PO-680-687, Grab. WS 1-6, PS page 25 note. 6 Unc notes. Blue notes printed from hand-engraved wood or linoleum plates, the large denomination has 18 stars (18 meaning L' Chaim, *to life*), a barbed wire fence and an SS symbol. This is a somewhat controversial issue due to it's crudeness but we believe they were an issue produced in the Ghetto Post Office but never released. Steve and Ray Feller thoroughly discuss the Ghetto and these notes on pages 88-94 in their book *Silent Witnesses*. The complete set of 6 notes about as nice as we've seen. The 5 Groszy has a faint hint of a bend. \$1000+

*552 **POLAND, Wolowin Ghetto**. WWII Era Unused receipt or voucher, with a red circular handstamp of the Judenrat or Jewish Council in both German and Polish. Wolowin is a town about 12 miles east of Warsaw situated on the railroad line between Warsaw and Bialystock and was an important trading center in the 19th and 20th century until World War II. At the outbreak of WWII, Jews made up about 1/4 of the population and Russians were another significant minority. Most of the Jews were killed either directly by an Aktion or later after they were moved to Treblinka and/or the Warsaw Ghetto. Most of the Russians were able to escape westwards before the Red Army occupied the city. I don't believe we've ever offered an item from this city before. Unc. \$50+?

*553 **RUSSIA/GERMANY**. Anti-Semitic, anti-Communist "Surrender" Leaflet/Safe-conduct pass by Nazis and aimed at Russian soldiers. All in Russian except for one section in German which was meant to be the safe-conduct pass and protected the Russian soldier from the Nazis. Or so they said. In black and white except for a red hammer and sickle falling on a Russian. EF, a bit faded. For similar items aimed at Russian soldiers, see Lot #508. \$35+?

*554 **SERBIA**. P10a. 10 Dinara, 2 January 1893. VF. An uncommon note. \$75+

*555 **UNITED NATIONS, International Refugee Organization (IRO). Austrian Operations**. 10 Units. Campbell-7362, Feller AS-1682. EF. \$400+

*556 **UNITED STATES, Massachusetts Treasury Certificate**. March 1, 1781 VF, some splitting at folds. This is listed as MA-10 in Anderson's *The Price of Liberty*. It has a rarity rating of R-4, indicating that 76 to 200 pieces are known. Perhaps the single most sought after piece of fiscal paper from the American Revolutionary period due to its elaborate engraving and the vignette of a Continental soldier with a raised sword surrounded by a rattlesnake. The entire engraving for this piece was done by Nathaniel Hurd, a contemporary of Paul Revere. In the past this bond was often attributed to Revere, due in part to the Sword in Hand vignette which is very similar to Revere's that was used on Massachusetts Colonial notes, and also due in a likely larger part to the power of wishful thinking. F-VF, with additional manuscript signatures and notations on both sides. A few tape repairs on back but face is nice. \$150+?

*557 **UNITED STATES (Germany), Post World War II Barter Money**. Frankfurt am Main. Series 1947A. SB-629 1 Unit. VF-EF, some discoloration. Rare. Barter unit notes were printed and used to facilitate trade between relatively well-off American soldiers and the German civilian population which had very little of anything. We have never offered one of these

notes before, although about 6 years ago we purchased a collection which consisted of almost every issued note. Unfortunately we found out that they were all stolen from one collection. We've seldom seen these notes come up in auction. \$100+

*558 **UNITED STATES, MPC.** P-M26. Dollar, Series 481. (1951-54). aVF. \$75?

559 **UNITED STATES, Military Payment Certificate.** P-M46. 50 Cent, Series 591. (1961-). VF, a few very tiny holes at left. \$75?

560 **UNITED STATES, MPC.** P-M47. 1 Dollar, Series 591. (1961-) Fine, some spots. \$60+

*561 **UNITED STATES, Service Star Wallet. World War II.** 3 items related to Robert H. Klein of Syracuse, NY. 1) A star taken from the service flag of First English Lutheran Church in 1947 in a presentation folder; 2) Klein's War Department ID issued 8/21/42 presumably his induction day, which includes his photo and fingerprints; and 3) his Seine Section, Com Z, Class B Pass dated 8 December 1944. 3 items in this lot, the first given to him 2 years after the war is in nice EF condition, the other two, which he probably carried with him during his service time. are aged in a much lower condition. \$50+?

*562 **UNITED STATES.** 1993-1995. **USAFE Special Activities Gasoline Purchase Coupons.** The US Air Force in Europe. A complete and unused book of 24 coupons (for 24 Liters) of gas. Each coupon is for one liter and is red or pink on a blue background, the cover is yellow. Scarce? \$?

*563 **UZBEKISTAN.** P-18c. 5000 Tengas. AH1337 (1918). Blue-green and red on face. Brown-black and red on back. Nice VF for this crude note. \$75?

564 **YEMEN DEMOCRATIC REPUBLIC.** P-9a 10 Dinars. ND (1984). Unc. Very attractive note with sailboat on face. \$50+

*565 **MOSES, Joachimstahl Medal.** ND. 16th-17th Century or perhaps later. Silver 37mm, 16.54g. Attributed by some to Jerome Magdeburg. Nicely cast medal. Bust of a horned Moses facing left, MO-ISE to either side and the same in Hebrew on his shoulder, German legend around/Hebrew quote from Exodus in 4 lines in square and German legend on all four sides. See Jewish Medals page 93, Katz-146. As nice or nicer than a similar piece in our sale 42A that went for \$275 in very spirited bidding. \$200+

*566 **BIBLICAL JUDAEA CAPTA JETON** by Hans Krauwinkel. ND. c. 1600. Æ28.5 (4.18g). Bust of Vespasian right/Captive Jewess weeping to right of palm tree, emperor stands to left, IVDAEA CAPTA above. Friedenberg page 94, Coins Reveal #86, Newmann-32533, Mitchiner-2230. Gd F/VG. Probably the most popular of all Krauwinkel, and perhaps even Biblical, Jetons. \$120+?

*567 **BIBLICAL JETON. BINDING OF ISAAC.** Brass 29.5mm, 3.99g. Angel in clouds stopping Abraham from slaughtering his son Isaac, PLACVIT DEO OBEDIENTIA (Obedience pleased God)/Crowned French arms with wreath. See Feuadent 11582, Newmann-36636. Toned VF, some planchet flaws. *This is likely a mid-17th German copy of a mid-16th century French Jeton. For a modern gold coin depicting the "Binding of Isaac" see Lot# 197 \$50+*

*568 **BIBLICAL JETON.** 1715. Silver 30mm. Paris Mint. Ark of the Covenant, carried by four Levites, 2 angels above/CONVENTUS CLERI GALLICANI M•DCCXV• in 4 lines, in wreath. Mitchner-3311, Feuadent-3953. VF. *Biblical related jetons in silver are seldom encountered. Mitchner priced this at £95 in 1988!* \$100+?

*569 **JEWISH PRIEST WITH HIGH ALTAR.** 1737 French Jeton. Æ29, 6.96g. Bust of Louis XV right/Jewish Priest to left of Smoking Altar. Mitch-3515, Feu-2495. Nice VF, some red in devices. \$50+

*570 **NOAH'S ARK JETON.** 1742. Silver 29mm, 7.12 grams by Francois Marteau. Head of Louis XV right/Noah's ark at sea, dove flying above. Feu-2056, Mitch-3507f. Very scarce. Nicely toned VF+. Only the 3rd we've offered in silver, one sold for \$250, the other for \$285! \$150+?

*571 **JOSEPH AND HIS BROTHERS.** 1772 White Metal 31 mm by Johann Christian Reich. Joseph addressing his kneeling brethren/List of grain prices in 11 lines topped by the date 1771. Kirschner-XII V (exception), Neumann-32608 similar. EF, some scratches above the "brothers". Reich was the infamous maker of the 18th century Korn Jude medals and while this medal does not depict the Korn Jude, the reverse is very similar to some of his Korn Jude medals that listed prices of grain on one side and the Korn Jude on the other. This lists prices of grain on one side and a Jew on the other. This medal should not be considered anti-Semitic in nature, but certainly is Jewish related. We've offered this medal twice in the past (once at \$140, once at \$150) but those were brass or copper, this is a white metal! \$100+

*572 **MOSES AND THE 10 COMMANDMENTS.** ND. Early 19th century? Silver 27mm. Moses in clouds, facing left, holding the tablets with 1st 3 commandments written below/ Long legend with commandments 4 through 10. In German. I believe I've had a similar medal many years ago and thought that was attributed to Loos. Toned EF. \$75+?

*573 **AARON.** (1827) Paris. Brass 32 mm by Barre. Bust of Aaron 3/4 to left/Ark of the Covenant. Plain edge. See The Shekel Vol 24, #2, pages 3-5. VF, but porous. One of a series of 3 medals done in the late 1820s commemorating Moses, Aaron and King David at the Paris mint. This is probably the scarcest and only the 2nd brass example we've offered in more than 18 years! \$200+?

*574 **FALSE SHEKEL IN SILVER.** ND. 36mm, 20.52g. An unusual, and most likely very rare, dated silver False Shekel. *Shekel of Israel*, around chalice with pearly rim and "Year 2" above/3 pomegranates buds within "Jerusalem the Holy". Rare, similar to Kisch Plate I, IV and F1 as among the very few False Shekels using Hebrew, although it should be noted that the reverse legend is missing the ancient mem. Cast. VF. \$200+?

*575 **BIRMINGHAM HEBREW SOCIAL CLUB Great Britain.** 19th Century. Brass 26mm, 1 Penny token. **Birmingham Hebrew Social Club.** Scarce to rare. Toned VF. This is ex Lot #597 from our sale 41E and was part of the late Bob Schoenwalter's collection. \$100+

Toned EF. Included with the lot is a fuller description of the meaning of the legends. Uncommon. *For another Kabbalistic medal see lot #217.* \$50+

*578 **FRANKFURT SYNAGOGUE MEDAL.** 1882 by Louis Dietrich. WM 35.5mm. View of a corner of the new synagogue, Hebrew legend, "How goodly are your tents, O Jacob, your dwellings, O Israel!" (Ma Tovu)/8-line legend in German concerning the inauguration of the new Orthodox synagogue just 3 days before the beginning of Rosh Hashanah. The synagogue was also known as the Boerneplatz synagogue because of its location. It was destroyed during Kristallnacht in November of 1938. This rare medal was listed in the Jewish Encyclopedia of 1906. It is not mentioned in the 1971 Encyclopedia Judaica. However a picture of virtually the exact corner depicted on the medal can be seen in Volume 7, page 90.

Nice lustrous EF, with a number of small rim nicks most likely due to a very high rim. While I may have had this medal in the past I cannot recall when. An Israeli dealer was (is?) offering a much poorer example of this medal for ,€1000! Extremely rare. \$400+?

*579 **RISHON LE-ZION COLONY**. 1882. Æ28. Magen David & below that a Torah scroll, the left frame showing people at prayer at the Western Wall, while the right frame shows a farmer sowing seeds, IF I FORGET THEE O JERUSALEM LET MY RIGHT HAND FORGET ITS CUNNING/A panoramic view of the colony. JTM-EP-53, See the Shekel Vol. V, #4, p. 18. EF/VF with a few nicks, bumps & scratches (more so on reverse) and original loop attached. Still much nicer than usually seen. \$350+

*580 **RABBI ISAAC ELCHONON SPEKTOR**. 1896. Æ28. Bust of the rabbi half right and GAON THE RAV YITZHAK ELCHONON SPEKTOR/His grave, legend. Spektor was a famous Lithuanian Rabbi and was among the most influential Jews of his time in helping influence the Russian government to better their treatment of Jews. F-VF, but surface marks giving us the impression that this may have been a pocket piece carried for many years by a follower of the Rabbi. *Shekel 18, 3, 29-30*. \$200+?

*581 **TALMUD TORAH AND SYNAGOGUE MEDAL**. ND. **Ahavot Shalom** in the Bronx. Brass 33mm. The School Building with legend around/Scroll, Magen David above, legend all around. Lustrous Au-Unc., with a spot on one of the letters (shin) in obverse legend. *The last we offered sold for \$110*. \$75+

*582 **THE DREYFUS AFFAIR**. Group of 4 small medallions. 1) Æ 29mm Bust of Dreyfus in military uniform half right/Bust 3/4 left of the attorney Fernand-Gustave-Gaston Labori who defended Dreyfus in court; 2) Another but this silvered; 3) Another, similar to #1 but Æ 23 mm; and 4) Zola/Picquart 31mm silvered (and toned) Æ medal depicting the busts of 2 supporters of Alfred Dreyfus. Fine, many nicks, a few rim bumps and a hole at top for wearing. And this medal was certainly worn. The oldest and largest synagogue in Africa was also known as the "**Garden Shul**" as the congregation was founded in Cape Town's botanical gardens. Despite its condition this is a very desirable medal. I believe I've had it before but I cannot find a record of it in our computerized records which go back to 1995. See Coins Reveal #158 for a stick pin commemorating the opening of the synagogue which was given to those attending the consecration. Presumably this medal was given to donors. \$250+?

*585 **DREYFUS PROSECUTOR**. 1906 Æ 50mm by Baffier. Bust of General Mercier left/Long legend. Mercier was the French prosecutor in the infamous Dreyfus trial. This medal pays homage to him as it mentions the Traitor Dreyfus on the obverse and the reverse legend refers to the trial. As struck. *For related Dreyfus lots, see lots 268 & 582*. \$150+?

*586 **ISAAC BENESCH & SONS, Baltimore, MD**, good luck swastika token for Jewish merchant. c. 1920. Æ 33mm. "Good for \$2 on a purchase of \$25," "We invite you to open a charge account" around swastika. Benesch & Sons are mentioned in the book "Jewish Baltimore: A Family Album" as among the mainstays of the Jewish furniture stores in Baltimore during the 1st part of the 20th century. Choice EF-AU, lustrous with a few nicks. Scarce, especially so nice. \$60+?

589 **LOS ANGELES, CA, KLINE CLOTHING CO**, good luck swastika token for Jewish merchant. c. 1920s. AE 33mm. "Good for \$1 on charge accounts of \$15 or more". The 1920 census for Los Angeles lists both Joe and his wife Rose, who were the proprietors of this business, as Jewish immigrants from Russia/Poland. This is for their store at 309 So. Spring Street in Los Angeles. There is another token for the same store when it was located at 326 S Broadway. The Spring St. address seems to be from mid-1920s, while the Broadway address is from later in the decade. \$60+?

*590 **NEW YORK, NY, EDWIN CIGAR CO**, good luck token for a free "Edwin Junior" cigar from Jewish merchant. 1920s - 1930s. AE 32mm. The 1913-1914 Brooklyn/Queens Directory listed Max and Sadie Rosenblum (no relation to me) as owners of Edwin Cigar Co. By 1931 they had moved their business to York, PA. Rosenblum was the son of Hungarian-Jewish immigrants. By the mid-1930s he was identified by the New York Post as "Rosenbloom" when the FTC ordered him to stop claiming that his cigars used "Havana" tobacco. Choice EF+ and scarce in this grade. \$50+?

Mendelsohn, a composer, conductor and music teacher, was the grandnephew of Felix Mendelssohn. This is the only medal that I know of him. \$100+

U.S.A. - Distributors : L. - Glueckman & Co.* See Lot #642 for another medal with the same motif. The idea of the flying camel logo, which is still used in Tel-Aviv, supposedly came about from a remark made by the Arab mayor of Jaffa who said that the fair would come about when camels flew. The Fair is considered one of the prime sparks in the remaking of Tel Aviv into the modern city it is. VF, some nicks and scratches on this large and rare cast medal which I cannot ever recall offering. \$250+?

*606 **VOLUNTEER FIRE BRIGADE SHIELD.** 1930s-1940s. c. 40mm. Fireman's helmet marked with small Magen-David and a pair of crossed axes with long handles, below that (filled with red enamel) HaMa'avir (i.e. HaMa'avir Transportation Cooperative Society). \$75

*607 **AWARD MEDAL TO LESLIE GOLDBERG TAILORS'.** 1940. Silver 50mm. *City and Guilds of London Institute Department of Technology; Technological Examination/*Various shields around center shield. Edge inscribed *Leslie Goldberg Tailors'. Cutting & Tailoring Division 1, Section A, 1st Prize 1940.* Virtually as made and toned. *608 **JEWISH WAR VETERANS**. 1940. New York. Irregular shaped watch Fob type. Building above legend and banner around logo/Uniface, but for "Benj. Harris Co. Inc, 228 Bowery, NY". Made for annual convention in Monticello. Rare? *Ex 40J #575*. \$60+

*609 **SILVER HADASSAH BADGE**. ND. 40mm (8.17g) silver filgree Star of David with 3-line Hebrew legend (FOR YOUR CONTINUED SUPPORT OF HADASSAH) in the center, wreath of 6-pointed star, flowers around and in a hanger below XL. The back is stamped **Palestine** and **St. 925** (or possibly .935). In our Sale 38C a similar badge, but with VVV on the hanger, sold for \$75. I would presume that these were given to large donors to Hadassah or long-time members or employees of Hadassah (the Woman's Zionist Organization of America) but am not sure if the Roman numerals are for the number of years someone was a donor or member. Hadassah was founded in 1912, 40 years after that was 1952 and if made that year, the back would surely say **Israel** not **Palestine**. It should be noted that one of the small hooks at the hanger is missing. \$60+?

*610 **LOT OF MISCELLANEOUS JUDAICA**. 1) **Jewish Social Studies: A Quarterly Journal Devoted to Contemporary and Historical Aspects of Jewish Life**. 100 plus pages. October 1942, some tears, stains and cuts on cover, contents mainly VF or better; 2) Searching for the Messiah/Everlasting love 70mm tombac medal SM-90; 3) JNF Charity box in blue and white, without key. *611 **1953 TRIAL OR PATTERN PHONE TOKEN**. *Discovery Piece?* 1st we have seen or are aware of. Similar to the 1st telephone token introduced in Israel in but this is in Copper-nickel plated copper. Both Sylvia Haffner (1970) and Pinchas Bar-Zeev (Sheqel.info) list a similar copper token and our first thought when seeing and discovering that it was plated copper that this was that was just a plated example of the 27mm token as listed by Haffner. However our copper-nickel example weighs 6.48 grams more than a full gram (7.56g) less than a circulated copper piece we have in stock, the letters on the obverse are of slightly different size and this piece is clearly thinner than the copper token. It is struck much nicer than what we are accustomed to seeing and the date is clearly 5713. (Haffner had mistakenly listed the dated as 5715). Before we acquired the token it had resided in a highly esteemed and advanced collection of tokens in the United Kingdom. As Haffner pages 326-327, Bar-Zeev PT-2 unlisted variety. Lustrous Unc., a few minor bruises. Rare. \$125+?

Loew wrote the first history of Hungarian Jews and was the most important non-Orthodox rabbi in 19th century Hungary and was the father of another important Hungarian Rabbi, Immanuel Loew. Why this medal has the dates of 1811 - 1878 is unclear, as Loew died in 1875. Some handling marks, a rim bump, and lightly wiped, resulting in hairlined fields. I cannot recall ever seeing this medal before. *See lot #625 below.* \$125+?

*625 **LEOPOLD LOEW/SYNAGOGUE AT SZEGEDIN.** 1978? Silver 43mm, 72.16g. Bust of the famous Hungarian Rabbi left, See above for a description of the medal and the Rabbi. **This is double the thickness of the above medal, thus possibly a piefort issue.** Some handling marks, a rim bump, and lightly wiped, resulting in hairlined fields, but overall nicer than the above medal. ISRAEL OFFICIAL STATE, COMMISSIONED AND PRESENTATION MEDALS

*637 **SM-1E. MEDAL OF LIBERATION WITH PLUGS**. 1961, Bronze 61 mm. Both Kagan and the IGCNC catalog list this medal as 59mm. I believe they are both wrong as every specimen that I have been able to track has been 61mm. This is logical as both the regular copper and silver issues are also 61mm. The plugs are evident on the medals because the dies were drilled but more medals were needed and rather than prepare new dies, the holed dies were reused resulting in the "plug" issue. 553 minted. See lot below for silver version. \$50+

- *638 **SM-1F. MEDAL OF LIBERATION WITH BALLOONS.** 1961, Silver 61mm Plugs, only 386 minted. The silver pieces are more properly called balloons, rather than plugs. Type 2 with the chain at the bottom of the reverse connected to the Hebrew legend. Zechovoy mint. Lightly toned and scarce. Much rarer than the bronze plug variety, this is the first we've offered in four years. \$150+
- *639 **SM-12G, H & J. BAR MITZVAH GOLD SET.** 1961. Set of 3 gold medals. 27, 22 and 19mm. Bar Mitzvah boy reading from Torah/Symbols of the 12 tribes. 3 choice 18 karat gold medals. \$1250+

- *642 **SM-33. TEL AVIV TRADE FAIR.** Silvered 59mm. Map of the world/"Flying Camel" left, the symbol of trade fair and Tel Aviv itself. Rim and edge are both bumpy, likely from the silvering process. We have never seen or heard of a silvered example and it is possible that this is unique. With wood, felt and metal display stand. *See Lot #605.* \$50+?
- *643 **SM-35E. MASADA.** 1977 Silver 59mm. Scarce large size silver medal. One of the more underrated and seldom seen large state of Israel silver medals. We've only had a handful of these medals in the past 20 years. *In our Sale 41E a similar example sold for \$175!* \$130+?
- *644 **SM-38B. ROTHSCHILD.** 1966 Gold 35mm medal. Proof. Raised cameo portraits of Edmond and James Rothschild/3 symbolic figures. Designed by the late great Paul Vincze. \$1500+?
- *645 **SM-42C. EL AL.** 1977. Silver 59mm. Designed by Ben Shahn, this is one of the most attractive of all Israel medals. Dove of Peace/Stylized Hebrew Alphabet. Scarce in the large silver size especially this variety as it is one of the less than 400 without the dates 5738-1977 on the edge. *In our sale 40J we sold one for \$140.* \$130+?
- *646 **SM-138B. EVERLASTING COVENANT.** 1991 Silver (.999) 50mm by Agam. A multi-colored rainbow with a spiral in the background adorns the medal's obverse. The words "Everlasting Covenant" appear in Hebrew and English. The reverse depicts a map of the world within a circle, with Jerusalem at the center. The words "The world is built by love" appear in Hebrew and English, as well as the author's signature. Bar-Zeev (371.2) values this at \$100. Seldom seen or offered. \$75+
- *647 **SM-141B. IN MEMORY OF THE CONCENTRATION AND DEATH CAMPS.** 1992 Gold 30 mm (15 grams, 18 karat). Figure of 6 children (symbolizing 6 million who were murdered)/ Electrified barbed wire fence, names of 6 death camps. Szperling SZ-49, page 85. BU. Rare and low mintage. \$600+?
- *648 **SM-187B. 3000 ANNIVERSARY OF JERUSALEM.** 1995 Gold 30mm. Scarce, depicting King David playing the harp/Panoramic view of old and new Jerusalem. \$600+?
- *649 **CM-1. B'NAI B'RITH.** 1959 Bronze 61mm, with name of participant. Without edge inscription. Minted by Kretschmer and awarded to delegates. Only 100 minted as such. This was presented to Benjamin J. Shoolman. This is the first "named" B'nai B'rith medal that I can recall seeing and is undoubtedly very rare. I believe Shoolman was a Boston area attorney who was involved in the B'nai B'rith for at least 25 years. A few minor marks and a small rim bump or two. \$100+?
- *650 **CM-2A. "ROTHCHILD" FAMILY 1ST HARP.** 1959. "Silvered" Copper 61mm. This example was inscribed to "Bethsabée de Rothschild" who later founded and financed the Batsheva Dance Company to foster the art of dance in Israel. Baroness de Rothschild was a sponsor of the International Harp competition, as well as foundations for science and technology in Israel. She was a daughter of Edourd Rothschild of the French branch of the family. Only 200 copper medals were minted so this medal is rare whenever found. It is even

more so as it silvered, it is named for the recipient and the recipient was a member of the famous Rothschild family. Somewhat mishandled with some nicks and "fingerprints". Unfortunately we do not have Rothschild's fingerprints on file to see if they are a match! For another medal from the same collection, please see Lot #659. \$200+?

*651 **CM-6. PABLO CASALS.** 1962 Tombac 59mm. This medal was presented to participants & guests and not offered for sale. As struck. 449 medals were struck, 150 in bronze and 299 in Tombac. It's been more than 3 1/2 years since we've offered a tombac example. \$100+?

*652 **CM-7 SHAVIT "TILL".** 1962 Silver 59mm. The very rare commissioned medal which was awarded to the scientists who worked on Israel's first satellite. The obverse has a beautiful black background, while the reverse is one of only two Israel medals which depict David Ben-Gurion's signature. (See Lot 674 for the other). With edge inscription marked "**Silver .935**" thus the extremely rare Hecht mint issue with only 130 medals struck! A few marks in the field. I cannot recall ever offering one with "silver" on the edge. \$450+?

*653 **CM-18A. MASADA.** 1965, Copper 35mm. Presented by Professor Yigal Yadin to Masada excavation volunteers, this scarce medal has TO THE VOLUNTEER on the edge. Toned, a few nicks. First we can offering since 2000! \$100+

*654 **CM-19. TERRA SANCTA. IGC MC UNLISTED.** 1964, Bronze 59mm. As the regular issue (SM-29) but with the added incuse legend VISITE DE S.S. LE PAPE PAUL VI 5.1.1964. Only 620 minted. Struck for the visit of Pope Paul VI to Israel. \$75+?

*655 **CM-19. TERRA SANCTA. UNLISTED VARIETY IN SILVER.** 1964, 59mm. As above but rare variety. We have never seen or heard of this in silver. Perhaps unique. \$350+?

*656 **CM-33. ECONOMIC CONFERENCE.** 1968. Silver-Plated Tombac (?) 59mm. This rare uniface medal is mounted on an olive-wood plaque (as issued) and awarded to conference delegates by Prime Minister Levi Eshkol. **Presented to Jacob Lowy.** This is only the 2nd specimen of this medal we can recall offering in the past 18 years (and probably much longer) and is the first "named" medal. This was presented to the Canadian Jacob Lowy who was born in 1908 in Bardejov, Czechoslovakia. He was a real estate developer, community leader and bibliophile who died in 1990 in Montreal. The great majority of "named" medals turn up with signs of mishandling. However this piece is basically "as issued" which would make sense as Mr. Lowy had one of the most well-known collections of Judaic books of the 20th century. *Also see Lot #613.* \$450+?

*657 **CM-39. JERUSALEM RESTORATION.** 1969 Tombac 59mm. Also known as "The Mayor's Medal for Official Awards". *This is a gilt engraved medal dated 10 January 1985 and is accompanied by a plush olive-wood case.* \$200+?

As above, but engraved "**To Mrs. Batsheva de Rothschild for her contribution to the Israeli dance**" by Teddy Kollek and dated 24 July 1978. Somewhat mishandled and some spots. For another engraved medal awarded to Baroness Rothschild, please see Lot #650. With wood and plastic (or glass) case as presented to Ms. Rothschild. \$300+?

*660 **CM-39A. JERUSALEM RESTORATION. 1969. SILVER.** 59mm. Variety that says, *with compliments Mayor Teddy Kollek* in English, with his English signature. Very rare. *661 **CM-61 RAPHAEL.** 1973 Tombac 59mm. The official commissioned medal for the Raphael which is the Authority for Development in Means of Fighting and presented to employees upon completion of 25 years of service. See Lots 664 and 671. \$400+

- *669 **CM-106. SHIN BET MEDAL.** (1972). Engraved and presented to Yehudah Arbel. Silver-plated Tombac 59mm. Type with Menorah & Hebrew legend "*General Defence Services*" to the left/"Shield and "*unseen protector of Israel*". Struck to honor members of Israel's Intelligence Service. Extremely rare and the first I can recall being presented and engraved. Arbel was an important Shin-Bet officer and played a major part in Jerusalem's defense after the Six-Day War. A few pages of documentation taken from a History of Israel's Intelligence Community is part of this lot as well. Presented to Arbel in late 1972 as this is dated "1972" but with the Hebrew year 5733 thus after the Jewish New Year. Toned, with a few rim bruises. \$500+?
- *670 **CM-113A. THE PERSIAN MEDAL - IRAN-PAHLAVI CORONATION MEDAL.** 1969 Silver 45mm. Designed by the Shamir Brothers and minted by the Merkur Bank in Germany. This medal was minted to commemorate the Shah and the anniversary of his "Bloodless" Revolution. All the medals were minted exclusively for the Iranian Royal household which was in exile at the time. Raphael is the Authority for Development of Weapons in Israel. While the mintage figure is unknown, this is very rare and is only the 2nd I can recall offering. In sale 38D a similar medal sold for \$200 on a reduced bid. See Lots 661 and 664 for other Rafael related medals. \$200+?
- *672 **MOSSAD MEDAL. BRONZE/TOMBAC** 59mm. 5-line legend to the right of state emblem/12-line legend to the right of olive branch. Extremely rare, I cannot recall seeing this, or the medal listed above, ever offered for sale. \$350+?
- *674 **PM-1A. SINAI CAMPAIGN.** Silver-plated 80mm. This rare medal weighs 221 grams and while no bronze shows through on the engraving, bronze is apparent under some of the high points of this medal thus making it likely that this is the PM-1a variety. These medals were presented by Prime Minister David Ben-Gurion to the French pilots (or possibly to French Generals) who took an active part in the Sinai campaign and the mintage figures are classified and unknown. Designed by the Shamir Brothers. A few handling marks, but overall nice and rare. *See Lot 652 for the only other medal with Ben-Gurion's signature.* \$450+?

*675 **PM-4. MEDICAL SOCIETY OF ISRAEL.** 1962, Bronze 59mm. Rare, issued upon the occasion of the 50th Anniversary of the society. Haffner listed the mintage as 500 but that seems high to us. The last we offered brought \$150. \$100+

*684 **OLD-NEW SYNAGOGUE, PRAGUE.** A colored post card made in 1908 by Naki Reich of Prague and postally-used in 1911. One of Europe's most famous synagogues, it is also its oldest active synagogue and was completed in 1270. At one time it was called the New Synagogue because the "Old Synagogue" was built before that but was torn down in 1867 and replaced with a Sephardic synagogue. Thus it is now known as the Old-New Synagogue. The synagogue survived major damage during the Nazi era as the Nazis wanted Prague to become a museum to an extinct people. It is also said that the body of the Golem lies in the attic of the synagogue and when a Nazi soldier approached it in 1938, he died and the synagogue was left alone after that. VF or better, a few stains. Rare? \$100+

*694 **NARINSKY POSTCARDS.** 1921 series. Shlomo Narinsky (1885-1960), an artist-photographer, an illustrator and a painter, came to Israel in the second Aliyah wave, and was part of the social circle of David Ben-Gurion and Yitzhak Ben-Zvi. In the early 20th century, he photographed landscapes and people from the early days in Eretz-Israel. His wife, Sonia Narinsky, was his Studio's partner and a photographer herself. He was born in the Korsakov district of South Russia (today's Ukraine), studied painting and photography in Paris and Berlin in the first decade of the 20th century before moving to Jerusalem. This lot of 12 nice sepia or black and white photographs that he did for the Jamal brothers is split evenly between photographs of old men and famous sites. 695 **A LARGE GROUP OF MISCELLANEOUS PAPER ITEMS** mostly from Ottoman or British Mandate Palestine. Most are at least slightly identified. 1) Personalities on post cards all related to Judaica, includes Herzl, Bialik, Ben Gurion, Ahad Haam, Pinsker, sepia colored or black & white (20 cards); 2) "Notice of Receipt" 1924 Jerusalem from package sent from Haifa and 1938 Jerusalem with handstamp of the German Counsel in Jerusalem. These two items are probably similar to "Return Receipts" that the USPS issues; 3) Wireless Telegraphy Ordinance Receiving licenses, 2 pieces both on 1924 forms, one for 500 Mils used in 1938, the other for 750 Mils and used in 1941, both stamped Tel Aviv; 4) The Palestine Village Bank Ltd, Jerusalem, four page savings passbook, dated 11 JUNE 1934; 5) Palestine Electric Corp. 1933 document for 500 ordinary shares; 6) Temporary Shore Leave Pass, Frontier Control Service. 1946 with handstamp of Tel-Aviv Port Control. *698 **RUSSIAN-JEWISH LOTTERY, OZET LAND CULTIVATION COMPANY.** 1929 50 Kopeks. Tractor at center/List of rules, regulations and prizes. This was designed to "assist" in the Jewish Settlement project in the USSR including relocation and was part of the Soviet plan of eliminating as much as possible the existing Jewish culture and creating a new

Jewish Communist Culture. The inscription is in five languages: Russian, Yiddish, Ukrainian, Armenian and Georgian. In my opinion this is much scarcer than the lots listed below. The prizes included trips to US cities and the results were published in Russian and Yiddish papers including some in the US. Predominantly black at center with date on the front of the tractor. Series 2? \$65+

*699 **RUSSIAN-JEWISH LOTTERY, OZET LAND CULTIVATION COMPANY.** 1930 50 Kopeks, 3rd issue (?). Predominantly red on face. Different style than previous lot. VF, pin-hole. \$45+

*700 **RUSSIAN-JEWISH LOTTERY, OZET LAND CULTIVATION COMPANY.** 50 Kopeks 1932 4th series. Smaller than the above two lots with a tractor at left and a factory worker at right. EF or better, but small stain in bottom margin at left. \$40+?

*701 **ALBERT EINSTEIN AUTOGRAPH.** 1935. His full signature penned across a Luxembourg 3 Franc stamp promoting the International Aid for Intellectuals. The program was instituted to help "intellectuals" who were forced to flee their native countries because of the rise of Nazism. Obviously Einstein was already in the US by this time but he lent his signature to the cause. Fine? Also included in this lot is a 1955 Israeli stamp with tab issued upon his death. \$50?

702 A LARGE GROUP OF ISRAELI AND JEWISH RELATED PAPER ITEMS. 1) 2 1973 commemorative copies of the 1948 Israeli Declaration of Independence in white and blue tubes; 2) Beth Hatikvah "House of Hope" color postcard from the City of Hope, Duarte, CA. 3) "Happy New Year" in Hebrew and English postcard. Unlike similar cards, this is a US made item, not European; 4) German Documents from Breslau 1931-1933 concerning Jews; appear to be legal letters or receipts; about 60 items stapled together at side; 5) **Reichsbund Jüdischer Frontsoldaten E.V. of Berlin** (in red across top: **Kreigsoffer Abteilung**) (Jewish Soldier's War Victim's Department) letterhead with all German message; red crayon marks one paragraph, three of four items on a list, seems to cross out a paragraph, and underlines last paragraph. The RJF's prime purpose was to fight anti-Semitism in Germany and point to the sacrifices German-Jewish soldiers gave to their country during WWI. All activities of the Reichsbund were outlawed by the Nazi government in 1936, and in 1938 it was completely dissolved. Undated. 6) **Bezirks-Rabbinat Durkheim Frankenthal** handstamp on typed German letter dated 14 July 1936 to Dr. Ernst Steckelmacher about Salomon Koppel. Steckelmacher was the Rabbi of Ludwigshafen who died at the Majdanek Concentration in 1943; 7) About a dozen document about Jews. 1900 - 1940 or so, most in German or Hungarian and about schooling and 8) About 5 Austrian documents given to Jews from the early 1900s seemingly includes a business license and an Award for Citizenship among others. 80 plus items, many in low grade, but some no doubt important. Especially useful to those who read German. Sold as is, no returns. Probably close to \$300 in retail value. \$125+?

703 THEODOR HERZL AND SIGMUND WERNER'S LETTERS. 1938. Dr. Sigmund Werner ein Mitarbeiter Herzl's, edited by Josef Fränkel and published by the Zionist Publishing House in Prague in 1938. 46 page cardcover book with inscription by the editor Fränkel in 1938. Cover is stained and has slipped from the contents. Werner was one of Herzl's closest and most trusted aides and was at his side when he died. He later returned to Moravia to practice dentistry but was a strong supporter of Zionism until his death in 1928. \$25+?

704 CASABLANCA ENVELOPE. 1939. Even before the famous movie starring Humphrey Bogart, Ingrid Bergman, Paul Henreid, Claude Rains et. al made it well-known in America, Casablanca was a place through which Jews, and others, traveled while escaping the continent. This is a registered envelope sent from E or C Schroeder who listed his return address as the S. S. Columbus, Pier 86, New York but mailed the letter from Casablanca to Mr. H. P. Goppelt in Saginaw, Michigan. It is our assumption that Schroeder was writing to Goppelt, who may have been a relative, about his intention of moving to the US and perhaps to stay with Goppelt. There was an H. P. Goppelt in Saginaw who was in the wholesale food business. \$45+?

*705 **POSTCARDS AND ADVERTISING CARDS.** 2 different advertising cards from M. H. Moses & Co., 871 Eighth Ave. (NYC), each showing two young girls (different images and different colors). This was a tea, coffee and spice store which was listed in the 1885 NYC business directory. An unused, but handstamped commemorative card from 1949 on "Dr. Herzls Remains Laid to Rest in Jerusaelm". Plus two postally-used "leather" postcards from the first decade of the 20th century. One has definite anti-semitic tone to it with a Jewish type and "Business before Pleasure" caption and the other possibly so with somebody holding a gold bar and the other saying, "I'm from Missouri, Show Me". 5-piece lot, the Herzl card and the first leather card probably the two best items. \$100+?

*706 **MARRIAGE CERTIFICATE. KETUBAH.** 1944. A blank and very colorful Ketubah for the Union of American Hebrew Congregations in 1944. Mostly in English, but some Hebrew with attractive vignettes. EF. In envelope with a few tears and stains. (The envelope, not the certificate). \$40+?

*707 **ITALIAN CAMPAIGN TO RESETTLE ZION.** 1948. A contribution receipt for the resettlement of Israel with a Magen David at top center, plus a soldier with a flag, a map and a Magen David in a shield all as an underprint. This is a receipt for 600 Lire, dated 19 May 1948, just after Independence Day. In Italian and Hebrew. VF, a small stain at bottom. We offered two of these in the mid-1990s and haven't seen once since! \$50+?

The Bemahavak (In struggle) were survivors of the Holocaust from Central Europe who formed a colony at Neve Yahar and were the first Moshav (Collective) to issue necessity tokens after the 1948 War of Independence. Neve Yahar was on the grounds of the former German Templar Colony of Waldheim who had issued metal tokens some 80 years previously. The 10 tokens are VF or so, all with a central hole and seldom offered as a set. An article from *The Numismatist* July 1980, pages 1600-1605 is included. \$50+?

"In accordance with the Decision of the Israel government to fulfill his will and testament this verifies that "Isaac Gurion" (?) has been honored and is a member of the honor guard next to the coffins of Zev Jabotinsky and his wife Yoanna". With 3 hand written signatures of Menachem Begin, Aharon Props (aka The 1st Beitari - the first follower of Jabotinsky) and Joseph Klarmann (an activist and member of the Rescue Committee during

the Holocaust. Very ornate with symbols of Israel and the Irgun, slightly fading. Jabotinsky and David Ben-Gurion were mortal enemies and it wasn't until after Ben-Gurion was no longer prime minister that the government allowed Jabotinsky's body to be moved to Mt. Herzl for burial. We've had similar certificates before (but not in more than 10 years) and this is the first that also has signatures of other attendees along the frame as well as cancelled Israeli stamps. Our consignor bought this from the late Franz Frankl in March of 1978. Mr. Frankl (and I) were founders of the long lamented Judaic Syngraphic Collectors Association. THE HOLOCAUST AND ANTI-SEMITISM

There are a number of lots in earlier sections of the catalog that could just as easily be listed in this section. Please check out Lots: 225, 268, 406-407, 458-462, 466, 475-510, 527-541, 543-553, 555, 557, 561, 565, 571, 582, 585, 684, 688-689, 702, 704, 706 and 707.

I'm often asked, "why do people collect this stuff"? There is really no correct answer but most people seem to collect them to use as teaching tools in homes, schools, synagogues and churches. Many people donate them to local or national museums. (Although don't get me started on the fact that many museums never display donations). There are people who still deny the existence or the magnitude of the Holocaust and these are weapons to use against them

Group of gravestones of Jews killed in Lublin and surrounding area during WWII, "Let God Remember" in Hebrew below/Mausoleum in Lublin, "Sara and Manfred Frenkel Foundation Lublin 1991" in Polish. Rare, only the 2nd we've offered, only 100 cast by Jolanta Slomianowska. SZ-42, page 168. \$160+?

*729 **MISSION IN MEMORY OF HOLOCAUST VICTIMS.** 1999. Silver-plated bronze 70mm. Sigmund Nissenbaum delivering a certificate to Pope John Paul II, legend around/An outline of a map of Poland, Jewish gravestones and a list of concentration camps in Poland, legend around. SZ-52 (reverse 1), page 178. This medal is among a small series of medals issued by the Nissenbaum Family Foundation in Warsaw. There two different reverses known. Both were minted in a quantity of 140 in silver-plated bronze. We can recall only having one of each in the past. Rare. \$150+

*730 **JEDWABNE.** 2001 Silvered Bronze 70mm. Struck in the memory of the Jews from Jedwabne and the area, 60 years after. Fire, people, Magen David, legend/Flames, corpses, etc. A private issue by The Nissenbaum Family Foundation and struck by the Polish state mint. Scarce. SZ-54, page 180. First we've offered in 5 years and only the 3rd we've had. All have sold for at least \$120! \$145+?

*731 **JANUSZ KORCZAK.** 1990. c. 75 x 108 mm. Cast, as made. Facing bust of Korczak in front of tablets of the Ten Commandments, "1878-1942" and "Janusz Korczak " below and "Patron Szkoły" above/Legend and 1990 below. Korczak was the educator who accompanied his students to the Nazi Death camps. Rare? I can't recall ever seeing this medal before. Issued by the The Special Trade School in Ponzan. Unlisted in Szperling, but will be listed in an addendum or 2nd edition. \$150+?

*732 **LIDICE TRAGEDY MEDAL.** 1997. Silver 30mm. Shield, 1997 above, *Lidice* above/ Cross, wreath, *10.6.1942*. Struck for the 55th anniversary of the Lidice Tragedy. As issued and rare. I believe only 38 pieces of this silver medal were struck. Lidice is a village in the former protectorate of Bohemia-Moravia. In the spring of 1942 members of the Czechoslovak Exile Government assassinated Reinhard Heydrich, the acting governor appointed by Hitler. In retaliation the Nazis entered the village of Lidice and executed all the men (192), along with 71 woman. The rest of the women (198) were sent to Ravensbruck, while 98 children were sent to be "re-educated" by the Nazis. No more than 16 children survived the war. After the war Lidice was rebuilt, becoming both a symbol of Nazi terror and the heroism of the Czech resistance. With certificate attesting to .925 fine silver. Choice toned proof-like with perhaps some hairlines under toning. Rare, only 2nd we can recall offering. \$75+

*733 **GROUP OF COMMEMORATIVE PINS.** 1991 Babi Yar 50th Anniversary of the massacre pin; 4 Ravensbruck enameled pins, one larger Buchenwald-Ravensbruck pin, Sachsen hausen 1965 pin and a Theresienstadt stick pin. 7 pins, all different (2 of the Ravensbruck pins are similar but with different pin backs), all but the first and last with some enameling. *Sold as is, no returns.* \$200+

*734 **60TH ANNIVERSARY OF LIBERATION OF CONCENTRATION CAMPS.** 2005. Æ 73mm by Renee Mayot. Issued by the Association for the French Resistance. Trees growing out of a globe, barbed wire and inmates striped uniform to left, French legend, "Finally! Land that we can revive and love"/Dove flying with olive branch and legend commemorating

the 60th Anniversary of Liberation of Concentration Camps and the victory over the Nazis. I can't recall ever seeing this medal before. Unlisted in Szperling, but will be listed in an addendum or 2nd edition. \$150+?

*735 **FRENCH HOLOCAUST RELATED MEDAL.** 1979 Æ 72mm. Facing bust of smiling man wearing bow-tie/Jewish prisoner, wearing striped concentration camp uniform with 6-pointed star, nimbly stepping through barbed-wire fence. "1979 Bronze" with cornucopia on edge and "signed" by the artist with a trident, a vertical line and an "M" at about 4 o'clock on the obverse. We have spent many hours trying to identify the subjects and/or the medalist but have so far failed. The man on the reverse looks like a mime and we thought it might allude to Marcel Mareau, the famous French mime. And while both his parents were in concentration camps (his father died at Auschwitz in 1944), Marcel was never in a camp although he did work with the Resistance during the war and served as a liaison officer with George Patton's army. A most unusual and, so far, unknown Holocaust medal unlisted and unknown to Szperling. \$40+?

*736 **BORKUM, GERMANY ANTI-SEMITIC POSTCARD.** "Greetings from Borkum". Borkum was a small island in the North Sea which was known for its popular seaside resort. It was also famous or infamous "as the only spot on Earth without a Jew". Scene at upper left shows German crowd singing with hands raised and glasses full, while scene to the right shows a group of 7 Jewish "types" being refused admission to a hotel. This features 5 verses of the Anti-Semitic "Borkum Song" which was played at the end of each performance by a local band and joined in by the German crowd. "Here at the land of German islands, there is a true German spirit...thus those of our kind come here with pleasure...at the seaside boardwalk only Germans can be...our motto is 'Germany for Germans'. Hence, those who come with flat feet, crooked noses and curly hair, can not enjoy the beach, but must be out! Be out! Be out!". There were a series of similar postcards that can be dated to around 1900, this unused card has a divided back so it was printed in 1904 or later. VF-EF, light (erasable) pencil graffiti and a hint of a stain. Rare. \$75+?

737 **AUSTRIAN ANTI-SEMITIC NOTGELD.** 1920. Loich 50 Heller. Depicts an Austrian householder dismissing a Jewish peddler (with long nose) from his house. At the left are thorns, at the right a snake with a caption, "Out with loans sharks and illegal hawkers" perhaps meaning thorns should be uprooted and snakes be killed. Printed in green and black. 13th edition (Auflage) is printed on reverse. Unc. \$50+?

*738 **ARNSTADT ANTI-SEMITIC NOTGELD.** 1921. 11 notes (4 different types) from an anti-Semitic notgeld set of 10 Pfennig notes. There are 6 notes in the series, Au-Unc. \$50+?

*739 **JOINT BOYCOTT COUNCIL.** "While Nazis rule don't buy German Goods", Joint Boycott Council. Black print on red label. This movement was sponsored by the American Jewish Congress. These labels were made to put on envelopes and postcards. With glue, mint. \$25+?

*740 **AFFADAVIT SWEARING TO BE JEWISH.** Undated. A Nazi "Application for Police Inquiry" in Polish and German for Marjen Krxywnowska (?). She was born in 1923 in Eichstadt and was a Jewess who spoke Hebrew at home. Shows her fingerprint with a purple Nazi handstamp at bottom. We've had similar items previously in which people would "swear" they weren't Jewish, but I can't recall seeing this. It's clear that a Nazi officer filled out the form because her signature is unlike the manuscript writing on the rest of the form. Very unusual. \$50+?

*741 **JUDE STAR. Large cloth yellow Star badge** which German Jews were forced to wear. This is cut from a piece of larger yellow cloth, which no doubt contained other yellow stars. The yellow "star" badges used by Jews in Alsace as well as Bohemia-Moravia were of this type and this could well be from there. Our consignor, a long-time collector of similar items, said this is a "Czech remainder". That makes sense in that the Nazis claimed that Sudetenland, and then all of Czechoslovakia, was part of Germany. 1st we've offered in quite some time. \$200+?

*742 **"J" STAMPED CLOTH ID CARD.** 19 January 1939. Issued to a Jewish woman. Gray cloth, with photo (showing left ear prominently displayed), fingerprints and the new middle name of Sara. These special gray fabric ID cards were printed and used after the Nazi Law forced all Jews to add Israel or Sara as their middle names. There is a large **J** on the front cover. c. 8 1/4 x 5 3/4" to be folded once to fit in a large pocket. Faded and with rust spots so that it's difficult to read the full name of this woman. It may have ended up in a washing machine. Rare. Only the 4th or 5th I can recall offering \$300+?

*743 **PIDION HEFACHOT = RANSOM MONEY.** ND (1940s?) In French and Hebrew. 5 Dirham "3 X 2 3/4" paper token issued by the Jewish Community of Rabat, Morocco. The original value of 5 Dr. (Dirhams) crossed out and replaced with 10,00 inserted in manuscript. Many German and French Jews fled Europe to Morocco which had an old and large Jewish community dating back to Roman times. Some ended up in Moroccan run camps not much better than the concentration camps of Europe. This was part of a community effort to rescue Jews behind bars and barbed wire. Rare. VF. *Ex lot # 1105 from our sale 25H (at \$100) and only one I can recall seeing.* \$125+

*744 **THE SHIP ST. LOUIS, THE "VOYAGE OF THE DAMNED" Related Item.** 1940 Postcard. The inability of the Jews on the ship St. Louis to disembark in Havana, the US or any of the chosen destinations was a great propaganda victory for the Nazis. A Nazi official was heard to proclaim that, if nobody would accept them as refugees who could blame the Nazis for the fate of the Jews. The 1939 voyage of the St. Louis contained 937 Jews who were supposedly sailing to their new home in Cuba and eventually to the US. However Cuba would not let them dock and neither would the US. As they sail back to Europe they are cheered by the fact that the governments of the England, the Netherlands, France and Belgium had all agreed to let a portion of the passengers land there. How many survived the war and weren't killed in concentration camps is a matter of debate. Those who landed in the UK obviously were better off. I have seen estimates ranging from 224 to over 600 people who were killed during the war. The picture side of the postcard shows the S. S. St. Louis, captioned "*F. G. O. Stuart, 1940*" in the bottom left margin, the text on the postally-used card says, "My Dear Sister - I soon lost sight of you all. Not yet sailing yet, it still rains. We are not able to rest any more til we get to NY..." The postmark is only partially readable but it does say May 2nd, Liverpool. VF with a few flaws. \$50?

*745 **MR. FARMER? ANTI-SEMITIC AND ANTI-FDR PAMPHLET.** Addressed to farmers and probably issued before December 1941. Vile anti-Semitic and anti-New Deal small tract. Unsigned of course. \$50?

*746 **AFTER MEIN KAMPF? 1941. MOVIE POSTER.** *See the Picture Hitler Fears.../Wanted for Murder, Adolf Schicklgruber (Alias Hitler). Philadelphia.* The reverse depicts Hitler's "fingerprints", all with a swastika. Scarce. Some tears at corners and along edges. Two-piece lot, one is nicer than the other. \$50+?

*747 **LUBLIN JUDENRAT SELF TAXATION CHIT.** ND (1941). Lublin, located in eastern Poland, was the capital of the Lublin District. It was known as a center of Jewish cultural activities with theater, plenty of newspapers, political parties and dozens of Jewish organizations. On the eve of the war there were about 40,000 Jews in the town (about 1/3 of the population). The local Ghetto was established in late March of 1941 with over 34,000 Jewish inhabitants, its walls being closed on 24 April 1941 and only special workers and Labor Groups with specific permits were able to get out for a short while. The Jewish Social Aid system in the Ghetto was known as the Jüdische Soziale Selbst Hilfe and in October of 1941, the Nazis approved a request of the Judenrat to charge 50 Grozy for each Food Card in order to finance the local Epidemic Hospital. In April of 1942 1 Zloty was charged for administrative purposes. These chits are known in 2 values; 1 Zloty and 5 Zlotych. We offer a 5 Zlotych chit which is printed in black on pink perforated paper and inscribed **Rada Zyd W. Lublinie - Oplata 5 Zi** that is the "Judenrat of Lublin". It has about a 1/4 of a handstamp in the lower left corner. The chits were handstamped in the center of blocks of 4, thus each and every one should have 1/4 of a handstamp. *This is Lot #867 from our Sale 38D where it sold for \$850 on a \$500 estimate.* \$450+

*748 **JEWISH COMMUNITY OF LEMBERG.** 1942. Receipt for 2.50 (Marks?) dated 7 February 1942. Lemberg is in the Ukraine where it is known as Lwów and in Polish Lvov. Before the war there were 110,000 Jews in the city. In September 1939 the Soviets occupied the city as per their non-aggression pact with the Nazis. In June 1941 the Germans entered the city and started murdering Jews. The Ghetto was established in November of that year and by January of 1943 the Judenrat was dissolved. We had a few Holocaust-era documents from Lemberg in the mid to late 1990s but have never seen this. \$50+?

*749 **GHETTO KIELCE JUDENRAT PAYMENT VOUCHER.** April 16, 1942. Voucher #768. In Polish and German and issued by the Jewish Aeltestenrat in Kielce for its workshops. The Kielce Ghetto was founded in April of 1941 and by the end of the year, there were 27,000 people there, due to an influx of Jews from Vienna, Poznan and Lodz, among others. The Ghetto was brutally liquidated in August of 1942. Most were transported to Treblinka, where we know what was in store for them, while the tenants of the orphanages and hospitals were murdered on the spot. 2000 of the healthiest young men were transported to 3 labor camps. When the Red Army liberated the city in January of 1945, only 2 Jews had survived the war. After the war Kielce was known for a cruel pogrom by the Polish citizens against Jewish survivors who had returned to the city. 42 Jews were murdered on 1 July 1946. This voucher promises 1.8 Zloty from Kleminski (?) (operator of the workshop) and was to be paid the next day in Ghetto cash to (forced laborer) Pollak. We've had similar vouchers in the past but they were all from about a month earlier. This is the latest date that we have seen. \$150+?

*750 **AMSTERDAM JEWISH WEEKLY. EXTRA EDITION,** 14 July 1942. A special emergency edition of this newspaper, this as a one-page broadside saying that the "Security Police" had arrested 700 Jews in Amsterdam this week and would send 4000 to concentration camps if 700 more didn't turn themselves in. (I'm not exactly sure of the translation, Google is using very stilted language. Unfortunately my friend Jeff Young, an American living in the Netherlands, passed away 3 1/2 years ago.) The broadside has the names of A. Asscher and D. Cohen at the bottom who were the leaders of the Amsterdam Jewish Community. I presume this edition is very scarce. I can't recall seeing it before. \$100+?

*751 **NAZI PROPAGANDA. ANTI-SEMITIC, ANTI-COMMUNIST & ANTI-BRITISH STAMP.** Green 1/2 Penny *Postage Revenue* stamp depicting George VI left. On the crown above the king's head is a Star of David, at the bottom the "D" in 1/2 d. is actually a hammer and sickle, in the flower at the upper right is another Star of David. The Nazis actually printed 6 different denominations of this stamp. For those who want to know more about this stamp and other propaganda, see the website <http://www.psywar.org/stamps.php>. We've had this or a similar stamp before but I think it's been quite awhile. \$75+?

*752 **AUSCHWITZ (ALWERNIA) DEATH NOTICE.** July 7, 1943. The outside of this handwritten telegram has a German stamp with a postmark from **Auschwitz** (see Simon, page 125, type 5), while the inside has the details about the death of Josef Grabowski (?) with "*Alwernia*" handstamped twice. While we've had "death notices" that have been typed and/or been on a form before, I can't recall seeing something like this. \$100+

*753 **HERZOGENBOSCH FORMULA "THANK YOU" CARD.** 1943. This card was sent by a Jewish inmate name Pimethel to the Jewish Committee in Amsterdam acknowledging receipt of a package, although it is doubtful he was allowed to keep the contents. Simon page 61. At the top left the camp is called Auffangslager which translates to detention camp, later cards substituted the word for transfer-camp instead. \$40?

*754 **REFUGEE SETTLEMENT IN PALESTINE.** c. 6 x 3", Raffle Ticket from a Fund-Raising dinner held in NYC on April 2, 1944 and sponsored by the Order of the Sons of Zion (B'nai Zion). Many Jewish groups in the US attempted to help their brethren settle in Palestine. This unused and intact ticket was for \$1 and presumably many, many people attended and bought more than one ticket as **\$500 in US War Bonds** was awarded. How many survived in this condition? Probably not many. In our Sale 42F we sold a similar one (previous serial number) for \$120 on a \$40 estimate! This is only the 2nd we can recall seeing. Unc. See *World WarII US Savings Bonds and Stamps* by Schwan, Smulczewski, Downy and Watson for a great read on the subject. \$50+

*755 **HASAG. Work Booklet for Polish Forced Laborer Tadeusz Kosiechiak.** Kosiechiak worked at two different locations for the Hasag, beginning one job in February of 1944 when he wasn't quite 14 and another in August of the same year. HASAG was one of the main armament factories for the Nazis and was run by Paul Budina, a Nazi official since the early 1930s who most likely committed suicide in April of 1945. Two types of "employees" worked there: Jewish concentration camp prisoners whose pay went directly to the SS and non-Jewish Polish citizens who were paid a pittance and from most sources were in reality slave laborers. The booklet is in remarkably good condition and represents only the 2nd item from this notorious factory that I can recall offering. In our last auction we offered a similar work book that was written in German and Polish; this is trilingual with Russian being the 3rd language. \$75+?

*756 **STUTTHOF CONCENTRATION CAMP** Letter sheet. November 13, 1944 sent from Karl Pacha, #85756, Block 14 to Maria Wossolly (?) with Stutthof, Danzig cancellation over a Hitler 12 Pfg. stamp. This letter sheet, or perhaps lettersheet, has the address of the sender and the recipient on the outside and when unfolded the contents of the letter inside. See Simon page 39 (bottom) and page 40 (top). Without any censor stamps or cancels of any kind. Perhaps that was because the letter was going to another part of the Reich or perhaps because the Nazis were getting sloppy. Only a few inmates were allowed to write letters and never Jews. About 50,000 Jewish women were brought to Stutthof in 1944, almost all were gassed, the remaining died during a January 1945 Death March to the west. The camp would close about 2 1/2 months after this letter was sent. Well aged, with tears and some soiling. Very rare, I can't recall having an item like this before. Consignor told me he paid \$200 "years ago." See Lots 712 and 716 for medals about this camp. \$150+?

*757 **PACKAGE SENT TO THERESIENSTADT FROM PORTUGAL.** 1944 A red receipt for a package sent to somebody in the Theresienstadt Ghetto. On red card c. 6 1/4 x 5" with Portuguese and Theresienstadt postal handstamps as well handstamps of "*Abl lestenrat der Juden Fuer*" and "Theresienstadt Prot. Bohemen Maehren". Fine. Rare? \$50+

*758 **BERLIN JEWISH COMMUNITY TOKENS.** 1) ND "10" (Pfennig?) paper token in dark blue on beige paper. Magen David within circle reading *Judische Gemeinde* with a 10 in each corner of chit; and 2) a token for 1 glass of "Starkbier" (strong beer) for 1.40 RM, missing top right corner. 2 scarce items. *This is ex Lot #1191 from our sale 32E where it sold for \$120.* \$75+

*759 **BERLIN JEWISH COMMUNITY TOKEN.** ND (1945?). Similar to #1 in the above lot but orange on beige paper, with "Westmark" hand stamped across chit and hand written inverted V at lower left. Scarce. Perforated on all 4 sides. We have seen these chits in various colors. EF. \$60+?

*760 **DISPLACED PERSONS IDENTITY CARD.** 1945-46? c. 3 x 2". Issued to Ivan Goldman by the Allied Expeditionary Force as a "D. P. Index Card" which we understand to be an I.D. Card. Printed across the face is "Not a Pass". On the back is a purple handstamp and indicates that the place of issue was Zagreb, Yugoslavia. EF+. With ink manuscript signatures and notations. Scarce. \$75+

*761 **BERGEN-BELSEN DISPLACED PERSONS CAMP.** 1946. Acknowledgment "form" letter. 5 November, 1946, an official acknowledgment to Miss R. Rosen of Montreal, Canada, of the receipt of 1 package, with handstamped signature of J. Rosensaft, the chairman of the Central Jewish Committee at Bergen-Belsen which became a DP camp after it was liberated and remained so until 1951. The most famous of the many thousands murdered there was Anne Frank. In March of 1945 alone 18,000 Jews were killed there. VF, some edge tears. Items from Bergen-Belsen (there was no currency) are scarce and seldom are for sale. \$50+

*762 **DACHAU VISITORS PASS.** When American troops liberated places like Buchenwald and Dachau they were shocked at the horror that they saw. Thousands of barely living survivors, among the remains of tens of thousands victims. US troops took control of these

camps and were charged with turning them into livable DP camps because the great majority of survivors had no place to return to. This unused, but aged, Visitors Pass was one attempt to help control the comings and goings of perhaps well-meaning, but nonessential personal. We had a similar Pass, but not as nice, in our last auction that sold for \$35. I can't recall another. c. 6 7/8 x 8 1/4" on yellowish paper. \$35+?

*763 **LEIPHEIM DISPLACED PERSON'S CAMP.** Leipheim, a former airfield where the Messerschmitt was mass produced, became a DP camp in the American zone in southern Bavaria after the war. It operated from 1945 until 1949 or 1950 (I've read different accounts) and had as many as 3,150 residents at one time and was under the supervision of the UNRRA, the United National Relief and Rehabilitation Association. This is work card #13 for Aleksander Ganc with a real signature and a handstamp of the UNRRA, Leipheim. c. 4 1/2 x 2 7/8", with hole punch at left. On beige cardboard and only slightly aged. I cannot recall ever having an item from Leipheim. \$75+

*764 **"MIRACLE CHILD" PASSPORT: JEWISH BOY SURVIVOR OF THE HOLOCAUST.** 1948. "Temporary Travel Document in Lieu of Passport for Stateless persons and persons of undetermined nationality". Issued by the Military Government for Germany to Leibel Schiper who was born in Poland on 5 July, 1940, to Avriam (?) and Hinda. Dated 18 March, 1948. Valid for France on route to Palestine, good for a single journey with manuscript notations. It looks like he arrived in Haifa on the 16th of April of that year just a month before Independence Day. Despite the hostilities between the British and the Jews of Palestine, they could not ignore the poor boy, hence he was permitted "to remain permanently in Palestine as an immigrant". Somewhat soiled but intact. Leibel traveled on the SS Endeavour. Truly a miracle that a Jewish-born boy in Nazi occupied Poland was able to survive and land in freedom, all before the age of 8! A fascinating and no doubt rare document. Should be worth a substantial bid. A similar item sold for \$450 in our sale 35D. \$300+?

*765 **AUTOGRAPHED LETTER FROM THE AUTHOR OF TEN DAYS TO DIE.** 1950. An autographed one page "note" signed by Michael A. Musmanno. The letter was sent to Mary Margaret McBride who was a radio interview host and writer. Her popular radio shows spanned more than 40 years; she is also remembered for her few months of pioneering television, as an early sign of radio success not guaranteeing a transition to the new medium. She was sometimes known as "The First Lady of Radio" and was extremely popular. In 1949 when celebrating her 15th anniversary of being on the radio, the celebration was held at Yankee Stadium the only place big enough to hold the 75,000 people who wanted to celebrate with her. I have read that she always asked those who she had interviewed to write her a short note.

Michael A. Musmanno was the author of *"Ten Days to Die: the authoritative and dramatic story of Hitler's mad finale told for the first time in this sensational account drawn from direct eye-witnesses"*, who in 1947, served as a presiding judge for the Einsatzgruppen Trial in US military court at Nuremberg. The Einsatzgruppen were first Nazi police intelligence units that worked with the German Army. They later became mobile SS murder squads that traveled with German forces. It is estimated that they were responsible for killing 1.25 million Jews and hundreds of thousands of Soviets including POWs. Rare. \$100+?
