AUCTION #45A
CLOSING DATE AND TIME
MONDAY, JULY 11, 2016
9 PM MOUNTAIN DAYLIGHT TIME

1. All bids are per lot as numbered in this catalog.
2. Payments are strictly cash (cash, check, money order, bank draft, bank wire or approved credit card) in US dollars. See Term #9 for credit card terms. All checks must be written in US dollars on a US bank. We do not accept payment via PayPal. Bidders are responsible for any and all bank charges for bank wires etc.
3. Auction sales are not approval sales. The bidders assume responsibility to pay for all lots bid on. Lots may be returned for reasons of improper description only within 3 days of receipt. Lots examined prior to the sale may not be returned for any reasons except authenticity. Late payers forfeit any return privileges.
4. All materials are guaranteed genuine, unless noted otherwise.
5. Bid sheets must be signed.
6. We reserve the right to reject any bid.
7. Title does not pass until lots are paid for in full.
8. Postage, insurance & handling are extra. A minimum of $5 per shipment will be charged.
9. Mastercard, Visa, Discover and American Express are accepted for payment. However an additional 5% is charged, to help cover our costs, for use of card in auctions and mailbid sales. Please note if you use a credit card and are a new customer, we must be able to confirm your billing address.
10. Digital photos or scans are available for most individual lots in this sale via email without charge. We prefer that you ask for this service well before the end of the sale.
11. All lots with six (6) or more items are sold as is, and are not returnable.
12. Invoices are due and payable upon receipt unless arrangements are made prior to the close of the sale. All invoices over 30 days overdue are subject to an interest charge of 1 ½% per month.
13. There is a $25 charge for bad checks.
14. In case of tie bids, the earliest bid received will win the lot.
15. Phone, fax, mail and email bids are accepted. Phone bids should be confirmed in writing. All email bids will be confirmed by a return email. We will also try via email to confirm receipt of bids received by any other method.
16. Estimates are just that, estimates. Lots, may and do, sell for above and below estimate. Please bid what the lot is worth to you. High bids will be reduced to 5 to 10% over the 2nd high bid whenever possible.
17. Bidders are responsible for errors in bidding, so please check your bid sheet carefully.
18. There are no buyer’s fees in our sales. The only additional fee charged is for shipping or for use of a credit card or a bank wire. Our bank charges $15 for a wire fee, your bank may also charge one.
19. All overseas packages will be shipped via registered or express mail at buyer’s risk. Shipments of books will be very expensive to overseas addresses.
20. Bidders not known to us must provide us with satisfactory credit references or pay a (refundable of course) 25% deposit.
21. Prices realized will be published shortly after the sale and will be mailed to all consignors, subscribers and competitive bidders. Others may receive a copy for $5 plus a stamped self-addressed envelope or check our website for free.
22. Slabbed (encapsulated) coins, notes, medals or tokens certified by PCGS, NGC, ICG or ANACS may not be returned.
23. The minimum acceptable bid on any lot is at least 60% of the estimate. In some cases it may be higher than that, but it will never be higher than estimate. We have made every effort to make our estimates conservative and realistic. In the case of lots with precious metals, bids must be the “melt” value of the item at the very least. As we write this, gold is near $1275 per ounce, silver around $17.30 per ounce and platinum near $900 an ounce. All markets have been very volatile lately. If in doubt, please ask us.

Please see below for new bidding rules for the last day of the sale.
NEW BIDDING INSTRUCTIONS FOR LAST DAY OF SALE

CLOSING DATE: THURSDAY • JULY 16, 2016

Telephone Bids will be accepted until 9:00 Mountain Time

Fax & email Bids will be accepted until Midnight Mountain Time

Bids left on our Voice Mail System (Answering Machines) will be accepted until Midnight Mountain Time

We will stop answering our phones at 9:00 PM Mountain time on July 16, 2016 or as soon as our phones stops ringing for 10 minutes. However you may still leave bids on our phones via voice mail, via Fax or via email until midnight. This should make it easier for anybody who wants to bid on the last day, the last hour or even the last minute to do so. Most winning bids will be reduced to one advance over the 2nd high bid.

Bids received after 9:00 PM will not be confirmed that night. If a bid is received after the published closing time we will acknowledge it sometime the next day. No matter when you bid you will not be guaranteed to be the last bidder because if you bid while or phone lines are still on the sale does not close until the phone line is free for 10 minutes.

We suggest you bid above estimate if you want an item, as most bids will be reduced to one bidding increment over the 2nd high bid. Our bid sheets offer several bidding options that can save you money, optimize your bids and see that you get the lots that you really want. If you are unsure of your bidding strategy, please give us a call or contact us by email and we will be happy to discuss them with you.

There is a minimum bid of at least 60% of the estimate on each lot. However in some cases the reserve may be higher than 60% of the estimate although it will never be higher than the estimate. We will always try to make reserves and estimates reasonable and in line with today’s market. Of course in many cases lots may be offered so infrequently that our estimates are just educated guesses.

We take seriously the commitment to reduce bids. We do not reveal the high bid on any lot, however we will tell you if you are the high bidder at the time of your request and if not what you need to bid to be the high bidder at the moment. Usually more than half of all successful bids are reduced and over 75% of successful bidders have at least one of their winning bids reduced. We believe that the best strategy to being a successful bidder is placing your bids early and not waiting until the last minute. We believe the best bidding strategy is to bid early, knowing that winning bids will be reduced to the next bidding increment over the 2nd high bid. It’s a successful auction when everybody is satisfied with the results: the consignors, the bidders and the auctioneer. Many of our consignors have been consigning material to us for 25 or more years, others have been buying material from us for as long or longer and are just now disposing of their collection or of parts of their collection. And more than a handful of the successful bidders in our sales of the past few years have been bidding (and buying) in our sales since the 1970s. We must be doing something right. 2015 is our 45th year in business.

There are no buyer’s fees in our sales. You are charged only for the amount of your winning bid plus a postage and shipping charge. If you want the convenience of using your credit card or sending us a bank wire, we do charge a small fee to help cover our costs. There are only a few coin dealers who still do not charge a buyer’s fee. Some companies charge a 15 to 20% buyer’s fee, plus a consignor fee as well!
LOT VIEWING SCHEDULE

COLORADO SPRINGS COIN SHOW: JUNE 23 TO JUNE 26. MORTGAGE SOLUTIONS FINANCIAL EXPO CENTER 3650 North Neveda Avenue, Colorado Springs CO 80907. Thursday June 23rd is dealer set up and the hours are 2 to 8. We should be there by 3 or so and stay until at least 6 to 7 depending on foot traffic. Friday and Saturday 9 AM to 5 PM, Sunday 9 AM to 4 PM. We will be there all public hours. If you make a right when entering the hall our tables should be a few tables down on the right.

We plan to have all lots from the auction with us at this show and we will be there for all public hours. If you are heading to the show and have gotten lost or can’t find our tables call us on our mobile phone number is 303-910-8245.

We should be in our office most days between the time you get this catalog or it is up on our website until the end of the sale. Obviously we will not be in our office during the above coin show and we may be in and out on July 4th as well as parts of July 9th and 10th.

Our usual office hours are Monday through Friday from 9 AM until 5:55 PM Mountain time. As the closing date draws near we will expand our hours. If you call and we don’t answer, please leave a message with the best time to return your call and we will try to get back to you at your preferred time. Of course you can email 24 hours a day and we will return the email as soon as we can.

We will confirm all email bids within 24 hours of receiving your bid. If you do not receive a confirmation, please contact us. Email bids received between 9 PM and Midnight on July 11th will be confirmed sometime during the week. We do not confirm bids received via mail or fax unless specifically asked to do so. However if we have your email on file we will try to do so. When sending us a bid sheet via regular mail, fax or as an attachment, please write carefully on your bid sheet. And a short description is always helpful to avoid mistakes.

No information will be available about the results of the sale until bids have been checked and invoices have been written. This usually takes 3 to 4 days. We will not be answering the phones until that information is ready. We hope to have the phones open by Thursday July 14th or Friday July 15th at the very latest.

Please note that this entire catalog is also up on our website, or will be very shortly. Our website address is www.rosenblumcoins.com. Because of circumstances beyond our control this has been a very difficult and long process in producing this catalog. As you can see there are no images in the printed version of this catalog. Our website contains color images of virtually every lot and we can even try to send you more images, via email, if you so desire. We do apologize for this. This catalog is being sent out two months late with about half as many lots as we would have like to list. It was just impossible for me to work at a more productive pace.

What the future holds a far as auction catalogs go is still up in the air. Suffice it to say we plan to continue in the business for at least another few years. How we conduct our auctions, web-lists and shows is unknown at this time.

We hope to continue having at least one auction a year as we have enough material of our own and of others for a few more sales at the very least. Finding the time to do that is the difficult thing at the moment.

We plan to attend the DAWN (Denver Area World Numismatists) meeting on July 1st and will bring selected items from this auction to the meeting. Please contact us by June 30th if you will be at the meeting and want us to bring something from the auction. We will not bring anything unless it is specifically requested.

F-VF, bit grainy. According to the late Michael Prieur the attribution to Tyre is incorrect although he still lists them there. It is more likely from a city of Egyptian influence but not Alexandria itself because of the high quality silver. His, very educated, opinion is that they were most likely struck in the Decapolis city of Gadara perhaps to commemorate the emperor’s visit to the city. The last sale of a similar coin was in the fall of 2012 when CNG sold the other variety for $1800 plus fees. That coin was nicer but this should be worth at least a small fraction of that coin. $200+

D VIBIUS CF in ex.. SR-242, Vibia-1, Syd-684. Lightly toned EF, slightly off-center. The head of Apollo is from a different die, and perhaps a different engraver, than most seen. It is smaller than usual! $120+

Helmeted bust of deity right, wearing wreath of laurel, corn and poppy, bow and quiver over shoulder, cornucopia under chin, CESTIANVS behind/Eagle standing right on thunderbolt, head left. SR-349, Syd-809, Plaetoria-4. Toned aVF/VF, some rev. marks. $120+

affordable example of the coin most commonly referred to as “The Tribute Penny”. Ex Mark Bir inventory. $350?

*35 ROME, Tiberius, 14-37 AD. Æ As. Divus Augustus (c. 22-30 AD). Bare-headed bust of Augustus left/Facade of altar, PROVIDENT below, S-C to either side. SR-1789, RIC-81. ANACS VF20 (corroded). $75+

*36 ROME, Vespasian. AD 69-79. Brass Sestertius (34mm, 24.94g). "Judaea Capta” commemorative. Rome mint. Struck AD 71. IMP CAES VESPASIAN AVG P M TR P P P COS III, laureate head right/IVDAEA (CAPTA), (S C) in exergue, palm tree; to left, Vespasian standing right, foot on helmet, holding spear and parazonium; to right, Jewess seated right on cuirass, in attitude of mourning. RIC II 167; H-1504, BMC-543, SR-2327. VG, porous with pitting, but well centered and identifiable as to the specific type. Rare. This is one of the more unusual types of a Judaea Capta Sestertius. In most cases the palm tree is in the center of the reverse but in this type the palm tree is about 1/3 of the way in from the right edge of the reverse. $400+?

*37 ROME, Domitian. 81-96 (88 AD). Silver Denarius (3.58g). Laureate head of Domitian right/Minerva advancing right with javelin and shield, IMP XIIII COS XIIIII CENS PPP. RIC-109, RSC-234. Choice VF. $140?

Similar to Hen-1603, SR-3044, RIC-82, Unlisted by Klawans. Nice VF. A very nice struck “fantasy example” of the famous coin of Nerva which proclaimed that “the insult and abuse (CALVMNIA) of the Jewish tax” was abolished. The tax itself was not removed until the reign of Julian the Apostate in 361-363 AD. There are at least two other theories about the intent of the coin. One states that the coin was issued to celebrate the fact that the “Jewish Tax” was no longer paid to the Temple but instead to Rome after Vespasian’s troops captured the city. A third theory, from an interpretation of the Talmud, is that Nerva did abolish the tax. $400+?

Lidice is a village in the former protectorate of Bohemia-Moravia. In the spring of 1942 members of the Czechoslovak Exile Government assassinated Reinhard Heydrich, the acting governor appointed by Hitler. In retaliation Hitler ordered the execution of 10,000 Czechs. Instead the Nazis entered the village of Lidice and executed all the men (192), along with 71 women. The rest of the women (198) were sent to Ravensbruck, while 98 children were sent to be “reeducated” by the Nazis. No more than 16 children survived the war. After the war Lidice was rebuilt, becoming both a symbol of Nazi terror and the heroism of the Czech resistance. This is ex lot #1100 from our sale 33C.  $60+

*85 GREAT BRITAIN. Henry VIII. ND. (After 1545). Cast Gilt brass (?) 55mm (59.79g). Draped capped bust right in heavy robe and chain, concentric legends HENRY EIGHTH BY THE GRACE OF GOD KING OF ENGLAND, FRANCE AND IRELAND, ON EARTH UNDER CHRIST THE SUPREME HEAD OF THE CHURCH IN ENGLAND AND IRELAND (Portcullis)/King's claim to Headship of the Church is repeated in five lines of Hebrew, six in Greek, LONDINI 1545 at base. Attributed to Henry Basse and considered to be the first medal made in Britain. Eimer-26b, MI I, 47/44, Jewish Medals page 91. This is a gilt after cast of the extremely rare original 1545 medal. I believe this is the first gilt example we have ever offered. In 2012 we sold a nicer cast brass at $400 and in 2009 Coin Galleries sold a far poorer plated example for $475+. An original striking in silver was sold by CNG for over $50,000 in 2013. Our estimate is no doubt low. $100?

*97 IRELAND, Curragh Internment Camp. WWII Metal token issue. 1940. Campbell-5550-5553, SB-211-214, Feller IR-1650-1653. 1 & 6 Pence in brass and 1 and 2 Shillings in aluminum. Set of 4. VF-EF. *98 ISLE OF MAN, Onchan. World War II Internment Camp. ND (1941) 1/2 Pence, 1 Pence and 6 Pence. Legend, denomination/Triquetra at center. Feller IM-1420-1422, Camp-5541-5543, KM-Tn23-Tn25. The British used this camp to house mainly German Internees, as they were the enemy during WWII. In reality most likely the majority were German Jews who was escaping persecution by the Nazis. The 1/2 Pence is the scarcest denomination and in the case of this group it is the nicest. It is EF with minor discoloration, the other two are VF to EF. 3 scarce and popular tokens. $350+

*99 ISRAEL 5709 (1949) 5 Pruta. KM-10, Y-3, P-5a. PROOF, thus exceedingly rare. Struck at the ICI mint in Birmingham. Probably only the 5th or so we’ve had. $500+

*100 ISRAEL. 5709 (1949). 10 Pruta with pearl. PROOF. KM-11, Y-4, P-7a. Struck at the ICI mint in Birmingham. Another exceedingly rare coin that is seldom available for purchase. Somewhat mishandled with some marks in the field. $250+?

*101 ISRAEL. 5709 (1949). 25 Pruta with pearl. PROOF. KM-12, Y-6, P-12a. Struck at the ICI mint in Birmingham. Some light marks and a bit of cloudiness on grapes side but certainly a decent example of a true rarity. $350+

*102 ISRAEL 5709 (1949). 50 Pruta without pearl. Error. Inverted reverse. KM-13.1, Y-8, P-16. Israeli coins are normally struck with a medal alignment which means that the top of the obverse is also the top of the reverse. US coins are struck in coin alignment with the top of obverse corresponding with the bottom of the reverse. This coin is struck with a coin align-
ment that is the top of obverse corresponds with the bottom of the reverse. Toned EF-AU (probably no real wear just toning and light handling). Also included with this lot is a normal 50 Pruta 1954. Extremely rare, perhaps unique! $500+?

*103 ISRAEL. 5709 (1949). 50 Pruta without pearl. PROOF. KM-13,1, Y-8, P-16. Unlisted by either Krause or Haffner in Proof, but this is without doubt a true Proof strike. Struck at the ICI mint in Birmingham. The majority of the Proofs of the 1949 issues exhibit only some of the qualities of Proof coins. Only the 3rd 50 Pruta without Pearl Proof we have seen. We believe that this is from the ICI (now IMI) archives. A truly rare coin. Choice to Gem Proof with very light hairlines. In our spring 2006 sale we offered a similar piece which ended up selling as a group in larger lot. However the high bid on the coin was over $700 on a $500 estimate. In 2008 we sold a similar coin for $1100. I believe this is as nice as that coin. Exceedingly rare. $600+

*104 ISRAEL. 5709 (1949).100 Pruta PROOF. KM-14, Y-10, P-20a. Struck at the ICI mint in Birmingham. A truly rare coin. Nice Proof, with hairlines on tree side and some marks on the denomination side. Not as nice as the similar piece we sold in 2008 for $1050 but still a true rarity. $400+?

*105 ISRAEL. 5709 (1949). 250 Pruta with pearl. PROOF. KM-15,1, Y-12, P-24. Unlisted by either Krause or Haffner in Proof, but this is without doubt a true Proof strike. Struck at the ICI mint in Birmingham. Only the 3rd 250 Pruta with pearl Proof we have offered. We believe that this is from the ICI (now IMI) archives. A truly rare coin. Nice piece but with hairlines and some spotting on barley side. The last we offered, in 2008, sold for $1050. $500+.

*106 ISRAEL. 5712 (1952). 10 Pruta PROOF, unlisted as such. KM-17, Y-5, P-9. Struck at the ICI mint in Birmingham Proof fields and wire rims. We believe that this is from the ICI (now IMI) archives. Nice Proof with some very light hairlines and light fingering. A truly rare coin, this is only the 2nd we can recall ever seeing. In our sale 36C we offered a similar piece as one lot but then offered a group of 8 pruta series proofs as a group which is how they sold. Exceedingly rare. $500+?

*107 ISRAEL. 5720 (1960). EIGHT GRAIN 1 AGORA PATTERN. Type I. Israel's classic rarity. After the ICI mint in Birmingham struck the trial pieces, the Bank of Israel committee did not approve of the left ear of corn which depicted 8 grains, they wanted that ear to show 10 grains. On this specimen the leaf joins the stalk at a point 1.10 mm from the bottom of the stalk on the left, while the grains are fat and wide. On the reverse the numeral 1 is 9.50 mm wide on right edge and 1.80 mm wide at the mid point, while the Merchaott (”) is large and between the two characters in a very large date. This is only the 4th or 5th known Type 1 eight grain pattern, One or two were in the Kagan-Marembo collection which was donated to the Jewish Museum (and later sold!). See Haffner (1970, pages 70-71), Magnus-Kagan (1988 pages AG-3 and AG-4), KM-PN1. Nice Uncirculated with minor marks on both sides and light striations across the barley ears. This is most likely from the ICI mint archives. Of extreme rarity and we doubt if more of these will appear on the market in the near future as I believe the owners of the other coins are all in good health. The only other Type I pieces offered in the US was the Rafael Ellenbogen specimen which Ray bought for $7500 in 1974! In our Sale 35D we sold one for $5750 in very active bidding. That coin sold to a collector in our last auction for $8000! $5000+

*108 ISRAEL. 5720 (1960) 1 Agora Large Date. Y-22, KM-24.1, A1-1a. EF. Scarce variety. A high grade for this scarce coin which is nicer than the one which we sold in our auction 44B for $300. The tag that comes with the coin is from the late Morty Zerder (I recognize his hand writing). Morty was the foremost expert on Israeli trade coins and their varieties in the world in the 1970s and 1980s. I also believe this coin is also from the Sidney Olson collection which was sold in landmark NASCA Sidney Olson auction of August 1978. Morty was a cataloguer for this auction. I believe Morty sold it to Sid. Unfortunately both Morty and Sid have passed away. The tag will also be included. $200+
109 **ISRAEL.** 5721 (1961) 1 Agora Pattern (?) in Proof. KM-24, Y-22, A1-2/2b (mule). This unlisted coin seemingly combines the obverse of the regular die (A1-2), where the leaf on the first ear of barley is joined high upon the stem, and the reverse of the wide date (A-2b) where the letters Aleph and Gimel are seperated in the word Agora. 1 Agora coins were struck at the ICI mint in 1960 & 1961 and we believe some in 1962 as well. (See lot below). We cannot recall seeing a proof 1 Agora from this time period. $500+?

110 **ISRAEL.** 5722 (1962) 1 Agora small date in Proof. KM-24, Y-22, A-1-3a. A discovery piece which we believe was struck at the ICI mint in Birmingham, England. I believe in the 1990s the SCWC (Krause) began attributing the small date coin as being a product of the Israeli mint in Tel Aviv. Before that none of the references directly attribute the “small date” variety to Tel Aviv. The space for the mint is left blank. Kadman, Betram & Weber and Sylvia Haffner (in all her books) do not make a specific reference to the mint of this coin. This coin came to us with other proof coins minted at the ICI mint. It would make no logical sense for this coin to be kept in their archives if they did not mint the coin. Proof with very light hairlines and wire rim edges on the obverse which is the side with the barley leaves. $500+?

111 **ISRAEL.** 1971 Freedom (Let My People Go) 10 Lirot Bernie Die (Open Mem) Proof. SI-2b, KM-59.2. Rare, an estimated 70 to 80 pieces struck. The two characteristics that distinguish this coin from the Kretschmer mint Proofs are that the Mem is open and the legend is further away on the obverse of the Berne coin as compared to the common Kretschmer mint coin. A similar piece sold for $600 in our Fall 2014 Auction. Ex W. P. Andrews Inventory. $400+

112 **ISRAEL.** 1982 3 Piece Set. **Qumran Caves.** 1/2 and 1 Shekel in Silver and 5 Shekel in gold. 1st BU, the last two Proof. KM-121, 122 & 125, Fr-19 (Gold). This was the first issue of the Holy Land sites series. $350+?

113 **ISRAEL.** 1993. **Tourism** 3-piece set. 1, 2 & 10 New Sheqalm. KM-240-242, Fr-43 (gold). 1 BU & 2 Proofs. 1st 2 silver, the 3rd gold. 45th Anniversary of Independence. All as struck. $650+

114 **ISRAEL.** A group of silver commemoratives. 1967 5 Lirot Port of Eilat Proofs. KM-48 10 pieces and 1970 10 Lirot Mikveh Israel, Double struck error on denomination side. KM-55. 2 pieces. 12 silver crowns, some with easily removal PVC residue. *Sold as is, no returns.* $200+

*134 MEXICO, War of Independence. Zacatecas. Ferdinand VII. 1811. 8 Reakes. Armored bust right/Crowned shield flanked by pillars MONDE PROVISIONAL DE ZACATECAS. Error, No A in Moneda. KM-191, Cr-L189, EL-M81 (Type 18). VG. This is crudely struck as all that we have seen are including high-grade slabbed examples. This is the only error with the misspelling of Moneda we have seen. $200+?
*135 MEXICO, War of Independence. Zacatecas. Ferdinand VII. 1813 Zs FP 8 Reales. Laureate draped bust right/Crowned shield flanked by pillars. KM-111.5, Cr-121, EL-MX85 (Type 20). This coin is very weakly struck especially in the design of the coin. However the lettering that can be seen is very strong. I have seen only one other example of this date and assayer combination and it also was very weakly struck. NGC XF45. $250+

*136 MEXICO, Ferdinand VI. Royalist coinage of Guadalajara. 1814 GA-MR 4 Reales. KM-102.4. Cr-120. Type with berries in the laurel bust. *140 MEXICO, 1st Republic. Guanajuato. 1868/58 Go YF. 4 Reales. KM-375.4, Y-S24. This is clearly a 6 over 5 in the date and probably a Y over a P as the assayer. Nice EF but for 8 small (about 3mm) horizontal chop marks (?) to the left of the eagle. The 8 marks are so uniform and so close together that perhaps it is just one chop. Chop marks on non-crown coins are very scarce. $100+?

*208 PERU, Provisional Republic Coinage. 1823 Lima V. 1/8 Peso (Octavo De Peso). Radiant sun above mountains. The sun over the mountains with a llama in front and no legend is one of my favorite Latin American images. KM-137, Cr-122. NGC AU 58 Brown. Exceeding well-struck for this normally poorly struck issue with only light porosity as made. In 2012 Dan Sedwick sold a NGC AU 55, which at that time was the nicest NGC graded example, for $240 (plus fees). NGC says this is nicer! $200+?

*209 PERU, Provisional Republic Coinage. 1823 Lima. 1/4 Peso (Quarto De Peso). Radiant sun above mountains. Similar design to the above lot and at least as nice. KM-138, Cr-123. NGC AU 58 Brown. Exceeding well-struck for this normally poorly struck issue with even less porosity than above.

Haczewska-Paszkiewicz-16, Unlisted by Gumowski, who did not list any “Hebrew” coins of Leszek. Accompanied by a NGC Photo Certificate AU-55. Small piece broken off at about 9 o’clock. An extremely rare coin that was unknown just a few years ago when a handful of these coins were discovered. (I still have not seen another one). *216 POLAND, Franz Joseph. 1894 Æ 57.5mm medal by Jos. Tautenhayn. High relief bust of Franz Joseph right, legend with his titles around/Allegorical view of angel crowning a representation of trade (?). THE AWARD OF HONOR BY THE MINISTRY OF TRADE in Polish around and incused on edge The General National Exposition in Lwov in 1894. A few marks but otherwise a very attractive and well preserved medal. Lvov was known by various
names, while part of Poland, the Austria-Hungarian Empire, Russia, Germany and Ukraine and could have also been listed under Ukraine (it is now in the Ukraine) or Austria as Franz Joseph of Austria issued the medal. But because the legends on the reverse and the edge are in Polish we chose Poland. See Lot #55 for another medal concerning Lwow under Austria as well as Lots #52 & 53 for younger portraits of Franz Joseph. $50+

*217 POLAND, Litzmannstadt (Lodz Ghetto). 1942 10 Pfenning, KM-TN5v, Camp-4751bv. Type 2. Struck in bronze or copper (2.35g). We believe this is a trial strike made under order of Nazi authorities. However this is a somewhat controversial issue as some think these are fantasies because there are different die characteristics on this than on the issued coin. That reasoning makes no logical sense because patterns are by definition “test strikes”. It is not the final product. Mostly brown unc., with some red in devices. From one of our auctions in the 1980s probably via the late Arnold Shay. $200+

*218 POLAND, Litzmannstadt (Lodz Ghetto Metal Tag. c. 1 3/4 x 1 3/4” square metal “dog-tag” with chain-hole at top. 48 (barely visible) on reverse, while the front is bisected with dull-green paint and 195 J is painted in bold black. Rare, 1st we’ve seen. We are not sure of the exact purpose of this tag but the J would no doubt stand for Jew or Jewess. This is ex lot 1249 from our Sale 30C. The consignor at that time guaranteed that it was from the Litzmannstadt Ghetto as he had purchased it from a very reliable source in the “survivor” community. $100+

*285 AUSTRALIA, Camp Hay Internment Camp. Feller AU-910b, Campbell-1212b, S&B-551b. 6 Pence 1 March 1941. Blue, Series C. Signed by Stahl and Epstein. The great majority of the Camp Hay Internees were German Jews who were transported from Internment Camps on the Isle of Man to Camp Hay, also known as Camp Seven. The notes were designed by one of the inmates, George Teltscher, who was an experienced artist and designer and made these perhaps the most attractive and interesting of all World War II prisoner money. Humor, "secret" messages and the names of the internees are all part of the notes. Barbed wire around the border of the note reads, WE ARE HERE BECAUSE WE ARE HERE... which was the camp theme song. The ram in the center of the note has the name Eppenstein (the camp leader’s name) hidden in it’s wool. Hidden in the 25 sheep on the back of the note are names of 25 of the internees. Please see Feller pages 106-111 for more information on these most interesting notes. Extremely rare, only the 2nd Camp Hay note that we have offered in at least 25 years! Fine, minor tears and lightly stained. The last we offered was an uncirculated note that sold for $8,500. This is from a March 2006 Lyn Knight auction $1750+

The holder’s name is written in pencil and is impossible for me to decipher. VF, small tear at right. I don’t believe we’ve ever offered an item from here before. The camp operated for about 10 years.$25+?

*289 CHINA, Szechuan-Shensi Provincial Soviet Workers and Farmers Bank. P-S3218c. 2 Ch’uan. 1933. Vertical cloth note with maroon validation hand stamp at bottom. VF? Frankly we can grade paper, not sure how to grade cloth. $150+?
**290** CROATIA. Stara Gradiska Concentration Camp. February 1944 Meal Card. c 3 1/2 x 2 1/2" yellow cardboard. The Stara Gradiska camp, located about 80 Kilometers east of Zagreb, was a sub-camp of the infamous death camp of Jasenovac where the Croat Nazis, the Ustasas, murdered approximately 150,000 Jews, Serbs, Gypsies and others. Uncirculated and unused. Unlisted in Feller. *Ex WMR 39E #833 @$600.* $400+?

**291** CZECHOSLOVAKIA. Theresienstadt Ghetto. 1- 100 Kronen. Complete set of 7 notes. C 4111-4117, Feller CZ 650-656, SB 701-707. Moses holding the 10 Commandments. 7 notes all graded by *PMG at least 64 (Choice Uncirculated).* The 5 Kronen note is the only one without the designation EPQ for Exceptional Paper Quality but to make up for that the 10 Kronen is graded 65 Gem Uncirculated EPQ. While we’ve offered this set before, never have we offered a graded set this nice. The last set we had sold for $180 and was no where as nice as this set. $175+

**292** EAST AFRICA COMMAND. Italian Somaliland POW camp under British rule. ND WWII. C-5395, SB-1272 (p. 209). 10 CENTS, TOKEN MONEY. aVF. A seldom seen note that little is known about, most likely a British army issue. As “token money” is a British military term. The serial number is a full house (84488) and adds a little extra intrigue to the note. $200+?

**293** FRANCE, Salins-Les-Bains (Jura). 10 Francs Emergency note of 1 July, 1940. There was a serious lack of cash after the fall of France in June of 1940 and many communities issued their own emergency paper money. PS-115, SB-571. Black 10 on Red seal of city, with swastika below. Unc. Rare. $200+

**294** FRANCE, Ministry of War General Issue. ND. WWII issue. 50 Francs, Series A green on white. C-2013a, F/F Fr-423. This very rare note was used in Vichy run camps in France for French anti-Nazis and German and Austrians who were against the Nazis as well as those who fought for France before the Nazis controlled France. Nice AU and very rare. Unlike notes we offered a few years ago there are no hinge marks on this note. $200+

**295** GERMANY, Konversionkasse. P-209, Kroll-213, Schwan-Boling 208 (p. 484). 30 Reichsmark, 1934/1933. Series A. Choice EF-AU, with usual pinholes. A very rare denomination that is seldom offered this nice. $250+

**296** GERMANY, Konversionkasse. 3 consecutively numbered notes. P-211 50 Mark 1934 overprinted on 1933. Series A, #0709046 - 0709048. 3 nice EF+ or better notes without any pinholes. Not circulated but slight evidence of handling, the last note has a corner fold at lower left. $150+?

**297** GERMANY, Asperg. C-3903, SB-303b, Feller GE-1706c. 1 Mark. This holding camp for suspected Nazis at the end of WWII was also known as Hohenasperg and Interniertenlager 76. 10 MARCH 1947 OVERSTAMPED OVER 10.2.1947. Crudely printed. They were typewritten, then overstamped. VF. *Ex Lot 991 from our Sale 33e.* $50+

**298** GERMANY, Buchenwald Concentration Camp. .50 Reichsmark. Type without AUSSENKOMMANDO and M of RM with slanted legs. C-3951b, F/F GE-140b. EF, a few very light stains. $150

**299** GERMANY, Buchenwald. C-3952a2, F/F GE-141c, PS-70, SB-1012b. 1 Reichsmark, Rounded 1 and M with slanted legs. Fine, split at right horizontal fold and slightly soiled. Still a decent note and a somewhat scarcer variety. 4 digit serial number. $100+

**300** GERMANY, Buchenwald Concentration Camp. 2 Reichsmark. Straight legged M. C-3953a, Feller GE-142a. Gd VF, with graffiti. What makes this note somewhat different is that a previous owner of the note left some manuscript notations on the banknote. On the face
we see -THE SS MARK- with an arrow pointing down to the SS and - Canteen- with an arrow pointing down to Kantine. On the back is VISITED HERE JUNE 9, 1945 (?), It's difficult to make out the last digit. so it could also be a 6 or an 8. The camp was liberated by American troops on April 11, 1945 so it was after the liberation, thus 1945 is logical. $125+?

*301 GERMANY, Buchenwald, Concentration Camp. C-3954b, P/S-72, Feller GE-143b. 3 Reichsmark, Type 2, variety with slanted M. The 3 RM is by far the scarcest denomination of Buchenwald notes. EF, one vertical center fold and a smaller crease at bottom which possibly is a expertly done repair. $150+

*302 GERMANY, Buchenwald Concentration Camp. 2 Marks, type with Aussenkommando across face and SS KO. ROTTLEBERODE across face in purple. C-3949d, F/F GE-147a. aVF with small hole at very center where horizontal and vertical folds meet and some browning along edges. Very low serial number (718). A similar note with a serial number of 942 sold for about $140 on Ebay in September of 2013. This is a much nicer note. $175+?

*303 GERMANY, Langenwerke A. G or Langensalza. A subcamp of Buchenwald which was in operation from September of 1944 until the camp was liberated by American troops in April of 1945. Camp-3959, Feller GE-175. 1 Reichsmark in blue. This factory was associated with Junkers Flugzeug-und Motorenwerke. G-VG, with tape repairs. Extremely rare. This note and the plated examples in Campbell and Feller have been cut in half, presumably to cancel them. Campbell does not list a color but believed that only 4 to 6 pieces were extant. Feller pictures and describes the color as tan. Haney/Grabowski pictures 4 different denominations, all in different colors and all with a rarity scale of RRRR. Of extreme rarity. This is ex lot 345 from our Sale 42F where it brought $1750 on a $1000+ estimate. $1200+?

*304 GERMANY, Mittelbau (Nordhausen). Also known as Dora. ND. .05 Reichsmark, brown. Series I. Feller GE-251, Camp-4022, Haney Collection Mi-2. Fine. Very rare. This is only the 3rd example of this denomination we have handled in at least the last 21 years. In our sale 37A we sold a Series M in VF for $2300 and in our sale 42F we sold a Series I in Choice VF, with stain, for $1850. In both of those cases we called the note black but the pictures on our website look brown to me and this note is brown as well. All 3 references as well as Pick-Siemsen list the color as brown as well. I am slightly color blind and that may be the reason for the mistake in the two previous cases or more likely I just wrote the word black down the first time and copied my mistake the 2nd time. It should be noted that the extensive research in the past 20+ years on this subject has enhanced our knowledge of the field. When Pick-Siemsen wrote their first book in the mid-1970s only Series L was noted which was continued into their 2nd edition published in 1992. In 1993 Lance Campbell mentioned 2 letters, i & L. By the time Steve and Ray Feller published their book in 2007 Series M was known. Our auction 37A closed on March 1st of 2007 and we had noted that Series M was unknown until that time! $500+?

*305 GERMANY, Mittelbau (Nordhausen). Also known as Dora. ND. 0.10 Reichsmark, Green. Series H. Feller GE-252, Camp-4023, Haney Mi-3. aVF, but heavy (paper clip) stain to left and lighter soiling at right. Very scarce series whcih was unlisted by Pick-Siemsen. We've only offered one Series H in at least 20 years. $250+?

*306 GERMANY, Mittelbau (Nordhausen). Also known as Dora. C-4026b1. F/F GE-255c 1 Mark Green, Series P. Without printer's mark and with a six-pointed star * preceeding a serial number. VG, somewhat dirty. The 1 Mark notes from this camp typically are seen in low grade such as this. Series P seems to be the 2nd scarcest series. Series N and O are seen more often. I can't recall ever offering a Series Q note. $250+?

*307 GERMANY, Mittelbau (Nordhausen). Also known as Dora. ND. 2 Reichsmark red, Series J. Square period after denomination and a fancy No. before serial number on back.
Camp-4027a, Feller GE-256a, Haney Mi-7b. VG-F, a few small tears, mostly at folds or margins and a bit soiled. Extremely rare, only the 2nd Series J note (which wasn’t even known by Pick & Siemsen) we’ve offered since 1996 (and most likely well before that as well). A slightly nicer Series J sold in 2012 for $750. That was a different reverse variety than this. $400+?

*308 GERMANY, Mittelbau (Nordhausen). Also known as Dora. ND. 5 Reichsmark blue. Series G. Square (diamond) period after denomination and a 6 pointed star (or *) before serial number on back. Camp-4028a, Feller GE-257a, Haney Mi-8d. VF, some light stains in margins, with FRANA VENHAC - HRNČIŘSKÁ 11 - 74801 HLÚČÍN handstamped in purple in 3 lines on the back. (Hlučín is a town in Moravia, Czech Republic although during WWII it was part of Prussian Silesia, with the German name of Hultschin). Very low serial number on back 000024. Rare, seldom seen. $1750+?

*309 GERMANY, Neuengamme Concentration camp. GE-266b, C-4012a2, Haney Ng-2b. 1 Reichsmark with printers mark: E/0606. Type 1 with one round reddish SS handstamp on face. G-VG with a 20mm tear from bottom just to left of center and somewhat soiled. Extremely rare, I have no record of offering this note in either auction or privately in at least 20 years. $1000+

*310 GERMANY, Oflag II-C. WWII POW Camp near Woldenberg, Germany (now Dobiegniew Poland). Issued near the end of the war in 1944 after the red triangle POW notes were discontinued. *314 GERMANY, Oflag II-C. WWII POW Camp. C-3769a 5 Mark Series A in blue. Campbell did not list this blue color but it obviously exists and I have seen a few others over the years. Still very scarce. VF, with tiny tear at top and bottom of vertical fold. Monogram. $250+

*315 GERMANY, Oflag II-C. WWII POW Camp A group of 4 notes. C-3765a1 10 Fenigow Series AI; C-3766a2 50 Fenigow Series A2 ; C-3768b 2 Mark Series B and C-3769a 5 Marks 4 scarce notes, the first 3 AU or better, the last aEF. Monograms on back of two. $250+?

We have had a similar Color Trial before, but that was overstamped SAMPLE and in a different color. This is without overprint and in the issued color! Unc and extremely rare. Ex WMR 35D #836 @ $2250. $1500+?

*322 ISRAEL, Bank Leumi. P-21a, BN-8, BLI B3a. 5 Israel Pounds ND (1952). Series T. Nice VF with some original crispness apparent. From our Israel Fixed Price List 36A in the spring of 2006. $100+?

*323 ISRAEL. 1967 Six Day War. Prisoner of War notes for Syrian prisoners captured near the Golan Heights. Camp Canteen, Military Command for Prisoners of War. 2 complete sets of three notes. Yellow, bottle of lemonade, Green, Bottle of Juice and Blue, cracker or cookie. One each with and without overstamp. The overstamps have an Arabic seal of a Syrian Army unit plus another 3 line Arabic box. Most researchers believe the ones with overstamps are fantasies either applied after the war or during the war as a gag. All are scarce to rare, the ones without the overprint being very rare. In our sale 39D, Lot 642 (with one VF note) sold for $1500. This set contains six unc. chits which were purchased from Nielsen-Porter, Inc in the spring of 1975. Campbell 5565-5575. $750+

*324 ISRAEL. Error Note. P-34b, BN-21a. 5 Lirot 1968 Albert Einstein red serial numbers, and misplaced digit in upper left serial number. The last digit before the series letter is lower than the other numbers. Unc. No doubt rare, it is the only one we've ever seen. $80+

*325 ISRAEL, Error Note. P-45, BN-32, BOI B22. 10 Sheqalim, Herzl note of 1978. One of the numbers in the lower right serial number has shifted upwards. Unc. It is our belief that perhaps one sheet of these notes exist. Purchased from us via private treaty in July of 2005. We had purchased it at the Memphis show the month before. $150+?

326 ISRAEL. Stamps and Covers. 1981 to 1986. A mostly philatelic lot containing 9 blocks or sheets, 125 First Day Covers and 78 singles mint stamps (most if not all with tabs). All counts are approximate. Also included are two Souvenir sheets of the 1958 Israel £5 note, one with a stamp and a cachet commemorating the 1985 Florida International Coin Show. In addition there is a 1982 Kolor - Or catalog of Israeli stamps. A neat lot for the specialist $25+?

*327 ITALY, Cremona Concentration Camp. Campbell 6459-6465, F/F IT-760a-766a. 1/2 to 50 Lire. Complete set of 7 notes, Au-unc, some with minor faults, all overprinted with a Star of David and unsigned. The use of the Star of David on these notes, is the ultimate Catch 22. Jews were issued these notes in exchange for their belongings etc., however to be used in the camp canteens, they had to be signed and the notes that had the Star of David on them were never signed. It should be noted that some researchers believe that these are fantasies. It is the opinion of others, including us, that the reason that the notes were not remembered was because they did not circulate as we mentioned above. The last 3 sets we have sold have brought from $285 to $500. Sold, as is, no returns. $250+

*328 ITALY, Partito D’Azione. Partisan issue. WWII. 10 Lire 5 October 1943. S & B-34691 (page 271) EF. Rare. This is the first of these notes that we can recall seeing. $125+
ITALY, United States. WWII Fascist Propaganda note. On a facsimile of a US One Dollar note, the back has a 3 line legend in Italian, THE AMERICANS HAVE ALWAYS MADE EMPTY PROMISES, BREAKING THEM LIKE SOAP BUBBLES. SB-401 (P. 397). EF-AU. These notes were reportedly produced in Verona, Italy. $75+

JAPAN, UNITED STATES PRODUCED PROPAGANDA NOTE. Printed on the reverse of what was supposed to be a 10 Yen 1930 note. This is leaflet #2017 and reverse legend recommends that the Japanese people should not deposit money in banks or buy bonds but buy food instead. S&B-171 (p. 536). This use of psychological warfare was highly effective for all sides in the war. VF, a few small tears. $75+

KENYA, Lionandi. C-5411. 50 Cents, Serial number is 1061. This camp was about 125 miles northwest of Nairobi and was a temporary British holding camp for Italian prisoners of war. The notes were issued in a booklet. All the notes in the booklet had the same serial number thus even though it is the same number as the Campbell plate note, it is not the same note. Unc., but for rust trace near top. Left edge is perforated where it was torn from booklet. Rare. I have never seen this note before. I would venture a guess that booklet #1061 is probably the only one that survived the war. $500+

KOREA, Republic of Korea. (South Korea). Bank of Korea. P-10b 1000 Won 4286 (1953). Portrait of Syngman Rhee at left. The scarce date and seldom seen. EF-AU $40+

Lilac notes were printed for use in the Women’s camp. On the back in two lines of Lithuanian is THOSE WHO FALSEFY THE CAMP MARKS OR THOSE WHO USE FALSIFIED CURRENCY, WILL BE PUNISHED. AU, no folds but some very minor evidence of handling. Extremely rare, I can’t recall ever having this note before. $500+

LITHUANIA, United Nations Relief and Rehabilitation Agency (UNRRA) DP camp at Ludwig Dillingen 10 Units. Lilac with green tint and red lettering and numerals F/F GE-1748b, C-7400b, SB-134 (p. 387). Lilac notes were printed for use in the Women’s camp. On the back in two lines of Lithuanian is THOSE WHO FALSEFY THE CAMP MARKS OR THOSE WHO USE FALSIFIED CURRENCY, WILL BE PUNISHED. Basically EF-AU but somewhat mishandled leaving some tears near the upper portion of the right edge and light corner creases. Extremely rare, I can’t recall ever having this note before. $500+

LITHUANIA, Scheinfeld Displaced Persons camp. 10 cents and 50 Cents 1946. C-7430-7431, Feller GE-1810-1811. This camp was under the direction of the UNRRA Team 569. The 10¢ note is AU with some very minor signs of aging, the 50¢ note is EF. Each note has a round handstamp on the English side. This camp was mostly for Lithuanian Displaced Persons from Regensburg Concentration Camp. A pair of uncommon notes. $150+

*338 *NETHERLANDS, Herzogenbusch (Vught) Concentration Camp. Feller NE-461, Camp-4163. 1 Gulden, Black on red. VF, with small perforations (all the notes that I can recall seeing have these perforations). Extremely rare. I have offered notes from this camp on only a few occasions. Back in the late 1970s or early 1980s I had one that I either bought from or sold to the late Jack Veffer. And I may have bought and sold one note at a Memphis paper money show some years back. In our sale 42F from the summer of 2012 we sold a similar note for $4500 on a $2000 estimate. Herzogenbusch was the only concentration camp in occupied Western Europe. The camp was located in the Vught section of the Netherlands. The camp was opened in late 1942 and liberated on October 26, 1944. The camp was an especially brutal slave labor camp with labor used by the Phillips Corporation. The notes are extremely rare probably amongst the most difficult to find. $2500+?

Text in German, on anti-semitic medals. By far the most informative work on the subject. 3) Jewish Medals from the Renaissance to the Fall of Napoleon (1503-1815). 1970 by Daniel Friedenberg (and signed by the author) with somewhat scuffed dust jacket. 4) Jewish Minters and Medalists. 1976, by Daniel Friedenberg with slightly scuffed dust jacket and 5) Great Jewish Portraits in Metal. 1963, edited by Daniel Friedenberg with an introduction by Cecil Roth. Dust jacket slightly torn and scuffed. 5 important books on the subject, the last 4 with pencil graffiti (prices asked for by a dealer) while the 1st is a rarely offered book on ancient coinage. The only other time we have offered the Levy book was in 2007 when a repaired copy sold for $75. The other 4 books usually sell for $25 to $50 each and I refer to them all when writing my auction catalogs. They are indispensable to me. $150+

354 GROUP OF BOOKS. 1) The Works of Victor David Brenner by Glenn Smedley from the 1983 July and August editions of the Numismatist. 40 pages, self-stapled. A short biography of Brenner as well as a catalog list and photographs of Brenner’s work; 2) Great Jewish Portraits in Metal. 1963, edited by Daniel Friedenberg with an introduction by Cecil Roth. Dust jacket with a few minor tears, otherwise the book is in excellent condition; 3) Ben-Ellie, Arie (ed). Ships and Parts of Ships on Ancient Coins. The National Maritime Museum, Haifa. HC, in English and Hebrew. 1975. Scuffed Cover, as are all we have seen. The coins were catalogued and the introduction was written by the late Ya’akov Meshorer. With museum brochure inside; and 4) Meshorer, Ya’akov City-Coins of Eretz-Israel and the Decapolis in the Roman Period, 1985. As new with dust-jacket, a most important introduction to the subject with outstanding coins illustrated and ably explained and described by Meshorer. 4 important works. $50+
355 GROUP OF JOURNALS. *Israel Numismatic Journal*, #3 1963, #4 1963, 1-2 1964, 3-4 1964. These 4 journals which were published by the Israel Numismatic Society contain articles by many of the leading numismatists of mid 1960s from Israel, Europe and North America; *Israel Numismatic Bulletin* #3-4, August-December 1962 and #5 July 1963. These two journals were published by the Israel Coins and Medals Co. Ltd. but many of the articles are on ancient and medieval coins; and *Community Tokens of Jewish Settlements in Palestine* by Arie Kindler a 10 plus page booklet, without cover. It originally appeared in English in Bulletin No. 7 of the Museum Haaretz, Tel Aviv (June 1965) pages 66-78 + Plates X-XV. A trove of information is in these journals and bulletins. $40+?

357 GROUP OF AUCTION CATALOGS. 1) *Munzen and Medaillen aller Lander. Dr. Eugen Merzbacher Nachf* 4 March, 1913; 2) *The Promised Lands Coin Auction Sale, Pine Tree Rare Coin Auctions Sales*, April 30, May 1 1974; 3) *The Abraham Cohen Collection*, Pine Tree Auction Company, March 7, 1976; 4) *The Raphael Ellenbogen Collection*, Pine Tree Auction Galleries Inc, May 5, 1976; 5) *The Alexander Goldstein Collection*, NASCA December 9, 1976; 6) *The Marjorie Rapoport Collection*, NASCA, April 27, 1977; 7) *The A.I.N.A. ’81 Sale*, NASCA, April 30, 1981; 8) *The Abraham Bromberg Collection of Jewish Coins, Part I*. Superior Galleries, December 5, 1991 and 9) *World Wide Judaic Medals and Medals by Jewish Artists, The Daniel Friedenberg Collection* Part I. Ingrid O’Neil, September 24, 1995. Apart from the 1913 catalog, which is falling apart, the others are in excellent condition and most contain extensive listing of Israel and Jewish-related coins. The Bromberg collection is one of the most important collection of ancient Jewish coins ever offered, while the first two Pine Tree Sales offered rare ancient Jewish coins, The Promised Lands Sale also had a very important offering of US Colonial coins and paper money. Abraham Cohen perhaps chose Pine Tree as his venue because his nickname was “Pine Cohen” and (I believe) his bar in Denver was named the “Pine Cone”. No prices realized included but most are widely available. It’s interesting to note that the 3 Pine Tree Sales used a slightly different name for the auction company. $35+?

358 *Krause, Chet and Cliff Mishler, edited by Colin Bruce. STANDARD CATALOG WORLD COINS DELUXE ANA CENTENNIAL EDITION. 1991*, 19th edition. Two Hardcover green volumes with gilt lettering. Slightly used but not heavily so, the slip cover shows some bumping and a tear at upper left and Volume one is bumped at the bottom. One of the last issues to not break down coins by century so this is probably the best one stop listing of 18, 19th and most of the 20th century world coins. The quality of the paper and the photographs is far superior to the card cover editions. We still use our copy quite often and because these were well made they do stand the test of time. $50+?

They are: 27, 34, 36, 38, 49-54, 58, 62-63, 65-70, 81, 83-86, 88-89, 91-92, 97-114, 176, 177, 180-206, 215-218, 220-221, 233, 248-249, 252, 254, 256, 259, 260, 264, 266-267, 269, 271, 272, 274-280, 282-286, 290-331, 334-340, 342-346 and 351-358 plus probably others.

*360 DAVID AND GOLIATH. 1578 Dutch æ Jeton. (30mm, 7.68g). David with sling, attacking the armed figure of Goliath. A rose in the Latin legend indicates this was struck at Dodrecht/The Dutch lion attacking a boar (Spain). 1578 in exergue. The Jeton was struck during the 3rd Dutch revolt against Spain. The lion and David refer to the Dutch, the Boar and Goliath refer to Spain. Mitch-2419, Dug-2743. Nice VF and scarce. The last we had, 5 years ago, brought $175 in spirited bidding. $100+

*361 DAVID AND GOLIATH. 1580 Dutch æ Jeton. (28mm, 4.79g). David, raising his right hand in triumph, standing upon the armor and weapons of Goliath/Galley, with Orange standing at the helm, sailing away with the statue of the Inquisition. Dug-3711, Mitch-2426. F/VF. An issue rallying the Dutch to join the Orange as their liberator from Spanish tyranny. I don’t believe we offered this Biblical jeton before. $75+

*362 NETHERLANDS, Middelburg. 1595 Jeton (29mm, 5.79g). Spanish Victories in France ET ILLE ROBORABIT CORTVM Rampant lion left on waves/EXPECTA DOMINVM VIRILITER AGE Henryan VI defender against a bear, a wolf, a fox and a snake, JEHOVAH in Hebrew within clouds above. Duggn-3372, van Loon I, 455, Newmann-34402. Nice VF, some flan weakness above the Hebrew. I cannot recall ever offering this jeton before. $100+

*363 KORN JUDE MEDAL. 1694 Silver 35mm, 13.04g grams by Christian Wermuth. Jewish grain peddler walking right with grain sack in which a devil is opening the mouth/Horizontal Grain sifter, Biblical quote, HE THAT WITH HOLDETH CORN, THE PEOPLE SHALL CURSE HIM. BUT BLESSING SHALL BE UPON THE HEAD OF HIM THAT SELLETH IT. Among the most infamous anti-Semitic medals every made. In 1694 heavy rains and a grasshopper plague swept through Germany. As food prices increased, speculation rose and the starving people blamed the Jews. Kirschner-18, Friedenberg page 3 & 109. F-VF and unlike most this does not appear to have been mounted. I believe it has been 8 years since we last offered this medal in auction. $400+

*364 COHEN IVORY OR MOTHER OF PEARL GAMING TOKEN. ND. Early 19th century. A group of 3 tokens, (42 mm round, 48 x 33 mm rectangle and 69 x 27 mm). All with the Cohen Coat of arms on one side and a Asian (Hong Kong?) scene on the other. Not sure how these will photograph due to the lack of contrast. This coat of arms is from Joseph a merchant in London and the eldest son and heir to Levy-Barent Cohen and was granted to Cohen on 22nd of July 1819. Rare. $100+

*365 JUDEN PFENNIG. Frankfurt. 1819 1 Pfennig. KM-TN-13. Jew Pfenning or Juden Pfennig were issued in the early part of the 19th century because of severe shortages of small change. They derive their name from the fact that most, if not all, of the issuing merchants were Jews. Brown EF, thus scarce, as most we encounter are Fine to Very Fine. This is ex Lot 602 from our sale 39E where it sold in very spirited bidding for $65 on a $50 estimate. $50+

*366 BIRMINGHAM HEBREW SOCIAL CLUB. 19th Century. Brass 26mm, 1 Penny token. BIRMINGHAM HEBREW SOCIAL CLUB. Scarce to rare. Toned VF. This is ex Lot #597 from our sale 41E and previously was part of the late Bob Schoenwalter’s collection. $100+
367 GIACOMO MEYERBEER. 1847 Bronze 47mm by C. Radnitzky of Vienna. His high relief bust left/5-line German legend in wreath. Meyerbeer was a famed 19th century composer, this medal was dedicated to him by members of the Concordia Society. Great Jewish Portraits p. 130, Niggli-1332. A beautiful choice specimen and very rare. He was born Jakob Meyer Beer. A similar medal sold in a Spanish auction for close to $400 in 2014. $200

*368 RARE HOLY SHEKEL OF JERUSALEM. WM 24 mm (9.63g). In Hebrew HOLY SHEKEL with Star of David in center/JERUSALEM. The origin and exact meaning of these unusual pieces is in question. Meshorer speculated that it could be similar to False Shekels although Kisch does not picture one similar to this, while Kindler thought that even though it was bronze it may have been used in Pidyon Haben ceremonies. This is an extremely rare piece that we have offered perhaps 3 times in 35+ years, the last more than 9 years ago. That piece sold for $125 (with three bidders of more than $100!) See The Shekel Vol XII, #4, pp. 3-5 for a wonderful article with Bernie Hoenig on his grandfather’s Shekel. While smaller and lighter in weight than the previous one we sold, the lettering in this (and below) example is very sharp. It is in white metal rather than brass or bronze. GVF. $75+

*369 RARE HOLY SHEKEL OF JERUSALEM. WM 24 mm (10.99g). As above but a bit heavier than the above example although not quite as sharp. VF. $75+

*370 FALSE SHEKEL. ND. Silver 30mm. (12.45g). Smoking chalice with conical leg and SHEKEL OF ISRAEL around/JERUSALEM THE HOLY around KING SOLOMON in two lines in Hebrew. Obverse is like Kisch B3 type but we have never seen a reverse such as this. A cast crudely engraved piece although the obverse design is virtually an exact match to B3. VF. My precious metals maven said just short of 90% pure silver made with period elements *i.e pre 1870 although the silver could have been further refined after that. My guess is prior to 1850. $50?

*371 DR. HENRI LOEB. 1859 AE 59mm by Leopold Wiener. His bust left/Hebrew legend within wreath, all within French legend. Struck to commemorate his 25th anniversary as Grand Rabbi of Belgium and done by one of the 19th Century's most important medallic sculptors (who also happened to be Jewish). JMM-52, BJM-12, PEM-3, Belgium Jewish Museum page 33. One of the rarest and most important of 19th century Jewish medals. The last bronze medal we offered was a VF+, with nicks and scratches which brought $440 in 2008. This is a nice EF, with just a few small rim nicks and a few spots. Much nicer than the previous one offered. $600+

*372 PRIBRAM SYNAGOGUE MEDAL. 1875. 32mm WM or Zinc. View of the building, German legend around/Magen David with Hebrew legend in and around. VF, but with rim bumps and some scratches on the reverse. Pribram is a small town in central Bohemia (now Czech Republic). This was purchased from us prior to 1995 (before we were computerized) and I believe it was the only one I’ve ever had. Listed in the early 20th Jewish Encyclopedia under Jewish medals. A nicer one, but looped with a ribbon, sold in a European auction in 2013 for more than $800! $200+

*373 SHADDAI PERSONAL AMULET. ND. Silver 22mm. SHADDAI in Hebrew with CHAI in Magen David above and below we see a Menorah and a harp flanking a flaming altar. Uniface. Perhaps a loop has been removed at top. Probably an English Judaic item as this came to us from the UK. VF-EF. My precious metals maven said it's just short of 90% pure silver and made with period elements i.e pre 1870 although the silver could have been further refined after that. My guess is was from the last quarter of the 19th century. $50?

*374 WEDDING MEDAL. 1882. Brass 30mm. Lina Jaffe and Jacob Alexander. Coats of arms from the couples hometowns of Posen and Hamburg with the names of the cities to either side MAZEL TAV in Hebrew in wreath/11 line legend commemorating the wedding. EF and scarce. $200+?
*375 RISHON LE-ZION COLONY. 1882. Æ 28. G-VF, mostly Fine. Sold as is, no returns. See The Shekel Vol VIII, #4 for an article by Yakov Meshorer on these. $1000+?

*378 WEDDING MEDAL. 1905 Silvered 35mm by Lauer. A foundry worker forging two hearts together on anvil/ 8 line legend commemorating the wedding Dr. Eugen Szkolny and Julie Selz on March 26, 1905 in Munich. Choice toned EF, a few minor nicks. Szkolny was related on his mother’s side to the family of Samson Oberndoeffer, a Jewish coin dealer who is the subject of a well known medal. One source said they fled the Nazis and emigrated to the US in the 1930s and (he) died in San Francisco in 1961, while another source states that they arrived in the US in 1946 making it likely that they survived the war in a concentration camp. Rare, only the 2nd we can recall offering. Far superior than the one that brought $75 in our spring 2009 auction. $160+

*379 MISCELLANEOUS GROUP of 4. 1) Fred Karno Advertising token. 1905-06. Brass 16mm. Official Israel State Medal SM-50a; 3) Uniface 15 peseta token of JUAN SERRA BORNE - 1772 with Magen David in center. STEWARD PALESTINE EXHIBITION. A group of 4. The first two items are known to us and usually retail in the $20 to $30 range. *381 CHARITY TOKEN. ND. Brass 68mm. LET ALL WHO ARE HUNGRY COME AND EAT in English around a Star of David/Similar legend in two lines of Hebrew. VF. I can’t recall seeing this token before. Fittingly I am writing the description of this token on the day before Passover begins. And many Passover Seders begin with the words - LET ALL WHO ARE HUNGRY COME AND EAT. $40+?

*382 CANADIAN SYNAGOGUE TOKEN. ND. Æ 26mm. Anshe Sholom Synagogue, Hamilton, Ontario. ANSHE SHOLOM SYNAGOGUE FOUNDED 1856 around Magen David/ GOOD LUCK COIN -HAMILTON - ONT. around A TOKEN OF APPRECIATION in 4 lines. aEF. Scarce. Contains a Persian silver siglos showing a bearded king kneeling with bow and arrow, below that is Daniel 5:25-30. The thumb and the index figure hold a pointer (perhaps a Yod), the three other fingers have the phrase (from this portion of the Bible) MENE, MENE, TEKEL UPHARSIN which King Belshazzar asked Daniel to explain and which has been interpreted in various ways but can be read as "And this is the writing that was inscribed: mina, mina, shekel, half-mina. This is the interpretation of the matter: mina, God has numbered the days of your kingdom and brought it to an end; shekel, you have been weighed on the scales and found wanting; half-mina, your kingdom is divided and given to the Medes and Persians". Most unusual and undoubtedly rare, more likely unique and presented to a coin collector as a gift or perhaps ordered (or made) by the collector himself. $600+

It has a view of the building with HECHAL SHLOMO JERUSALEM in Hebrew above and English below as the 1967 Six Day War medal does (Haffner EP-23) but with a different 4 line Hebrew legend on the reverse. Pair of synagogue medals, neither of which we can recall offering. $75+?

In addition to being a member of numerous organizations and contributing to various publications (some listed above) we have spoken on various aspects of coins and banknotes throughout the country. We have published well over 175 auction catalogs and fixed price lists over these 45 years and also have run public auctions in California, Colorado and Texas. Our services as an “authority” in ancient and world coins have been used by lawyers, banks and insurance companies for attesting to market values and authenticity of coins. We have been an instructor at the American Numismatic Association’s Summer Seminar teaching a course entitled “Numismatics of the Holy Land from Ancient to Modern Times”. We have sold both privately and through auction numerous “name” collections including those of George Fisher, Morty Zerder, Morris Bram, Saul Sugar, David Donald, Mark Bir and “Mr. Philadelphia”. We were also chosen both in 1996 and 2011 to appraise the famous Kagan-Maremba collection of Israel and Palestine coins. If there is someway that we can help you in adding to or disposing of your collection, please do not hesitate to contact us.
